I. INTRODUCTION

1. Following the launching of the Third Round (Sao Paulo Round) of GSTP negotiations at the Ministerial Meeting of GSTP Ministers in Sao Paulo, Brazil in June 2004, the GSTP Committee of Participants has taken decisions to organize the negotiations. It formally constituted the GSTP Negotiating Committee under the Chairmanship of Ambassador Alfredo Chiaradia (Argentina) and established two negotiating, as follows:

- (a) Negotiating Group on Market Access – Mrs. Preeti Saran (India)
- (b) Negotiating Group on Rule-Making – Mr. A.O.K. Dipeolu (Nigeria).

2. The Negotiating Committee has instructed the two negotiating groups to define their respective program of work in order to meet the November 2006 deadline for completion of the negotiations set out in the Sao Paulo Declaration. It recalled that Ministers in Sao Paulo encouraged GSTP Participants to be ambitious and to come up with significant results to promote and expand trade ties among developing countries, in particular interregionally - Africa, Asia and Latin America and the Caribbean - not only for their benefit, but for the benefit of global trade as well.

3. The Negotiating Committee has invited all members of the Group of 77 and China that have not joined the GSTP to participate in the Sao Paulo Round with a view to their accession to the Agreement. In this regard, they have been invited to observe meetings of the Committee of Participants, the Negotiating Committee and the two negotiating groups so that they may familiarize themselves with the work of these bodies.

II. SUMMARY OF WORK CARRIED OUT TO DATE

5. The Negotiating Group on Market Access and the Negotiating Group on Rule-Making have completed the basic roadmaps of their respective program of work in accordance with their terms of reference. Essentially, the Market Access Group is responsible for carrying out (a) negotiations on preferential tariff and other trade concessions; (b) negotiations on the accession of interested members of the Group of 77 and China. The Rule-Making Group covers work on systemic issues of trade cooperation including relevant provisions of the GSTP Agreement.

6. The Negotiating Group on Rule-Making has identified three priority areas in its program of work, namely: (a) Improvements in the rules of origin under the Agreement; (b) Statistical issues and trade facilitation; and (c) Technical cooperation on non-tariff measures. Initial technical discussions have taken place on proposals by the Islamic Republic of Iran and Sri Lanka to improve the rules of origin. Other delegations are expected to table their proposals in due course. One delegation has demonstrated to the Group a system for electronically facilitating trade transactions, which it has offered to share with other GSTP delegations.

7. Given the technical nature of the above subjects especially rules of origin, experts from capitals will participate in meetings of the Rule-Making Group, the first such meeting to take place on 17-18 March 2005.

8. The Negotiating Group on Market Access will begin the first stage of its work in April 2005 after the technical requirements on tariffs and trade flows shall have been completed. As set out in its program of work, the Market Access Group will carry out its work in several stages, beginning with the identification of export interests, followed by consideration of modalities of negotiations, exchange of concessions and finalization of concessions.

9. The Market Access Group is implementing the following measures with the assistance of the GSTP secretariat to prepare GSTP delegations identify their concrete exports interests:

- (a) Demonstration and installation of a computer facility to permit access to online trade database, both in capitals and in Geneva Missions;
- (b) Special statistical formulations by the GSTP secretariat.

10. Special statistical materials have been issued by the GSTP secretariat for the benefit of the seven least developed countries that are members of the GSTP: Bangladesh, Benin, Guinea, Mozambique, Myanmar, Sudan, Tanzania.

11. In its program of work, the Market Access Group has defined technical steps on accessions by interested members of the Group of 77 and China as follows:

- (a) All members of the Group of 77 and China have been invited to all formal and informal meetings to participate in identifying their export interests with a view to facilitating their formal applications for accession to the Agreement by the end of July 2005.

- (b) Members of the Group of 77 and China that have formally applied to the Committee of Participants for accession by the end of July 2005 shall be invited to participate in subsequent stages – negotiations on modalities of negotiations and exchange of concessions with a view to reaching agreement on their lists of concessions and obtaining concessions from GSTP Participants as well.
 - (c) The final stage of accessions would cover finalization of protocols of accession. The Negotiating Committee and the Committee of Participants would carry out formalities on completion of applications for accession.
12. The GSTP secretariat has prepared materials, among others, on the export interests of:
- (a) the seven least-developed countries members of the GSTP in the markets of other GSTP members;
 - (b) members of the Group of 77 and China not members of the GSTP in the markets of GSTP members.
13. In the coming months, the work of the two negotiating groups will intensify. By the end of July 2005, these groups will review progress of work and take appropriate action on their calendar of meetings for the rest of the 2005. GSTP Participants may meet at senior officials' level or at the ministerial level to review the progress of negotiations in its entirety.
14. Parallel to the negotiations, GSTP Participants envisage holding seminars and conferences in various capitals to promote awareness of the GSTP in the business communities.
15. The Committee of Participants and the Negotiating Committee will meet at moment's notice if the President of the Committee of Participants receives applications for accession by members of the Group of 77 and China.¹
16. Relevant materials and references are attached to this note for information.

¹ Ambassador Alfredo Chiaradia has returned to Argentina. In April 2005, the Committee of Participants will meet to elect the bureau of the Committee – President and two vice-presidents. It is the turn of GSTP members from Africa to take up the Presidency. The posts of two vice-presidents will rotate to GSTP members from Asia and Latin America.

THE GLOBAL SYSTEM OF TRADE PREFERENCES

(GSTP)

SAO PAULO DECLARATION ON THE LAUNCHING OF THE
THIRD ROUND OF NEGOTIATIONS WITHIN THE GLOBAL SYSTEM
OF TRADE PREFERENCES AMONG DEVELOPING COUNTRIES (GSTP)

We, the Ministers of Participants to the Agreement on the Global System of Trade Preferences Among Developing Countries (GSTP),

Having assembled in a special session of the GSTP Committee of Participants in Sao Paulo, Brazil on 16 June 2004 to review the implementation of the Agreement since its entry into force in 1989;

Having acknowledged the report of the President of the Committee of Participants on the prospects and challenges confronting the Agreement;

Cognizant of the need for concerted action to harness the enormous potentials of the Agreement in promoting and expanding trade among developing countries;

Having noted the Decision of the Committee of Participants at its Seventeenth session in Geneva, Switzerland to sponsor the Third Round of GSTP Negotiations;

Hereby declare:

1. We reiterate our commitment to promote and sustain mutual trade, and to further economic cooperation among the Participants through the exchange of concessions within the framework of the Agreement.
2. To this end, we have launched on the date of this Declaration the Third Round of GSTP Negotiations aimed at invigorating and furthering the objectives of the Agreement. To harness the potentials of the Agreement, we envisage a package of substantial trade liberalization commitments on the basis of mutuality of advantages in such a way as to benefit equitably all GSTP Participants.

3. We are convinced that an ambitious package of trade liberalization commitments would promote economic complementarities among the Participants especially at the interregional level.
4. In the Third Round of negotiations, we shall work towards developing concrete preferential measures to be accorded in favour of the least-developed country Participants in accordance with the provisions of the Agreement.
5. We underscore the need for broadening participation in the GSTP, mindful that developing countries have become a dynamic force in the growth of the world economy and trade. We are pleased to extend an invitation to all the members of the Group of 77 and China to accede to the Agreement. In this regard, we are grateful to the Group of 77 and China and the Group of 15 for their continuous encouragement and the political support extended to the GSTP.
6. We commit ourselves to be more involved in the affairs of the GSTP. We encourage the GSTP Negotiating Committee to take all necessary steps to facilitate and conclude expeditiously the Third Round of Negotiations.
7. We thank the Secretary-General of UNCTAD for the technical support extended to the Committee of Participants and look forward to continued support of the secretariat.

Annex

1. The work program is based on the Committee of Participants' decision to launch the Third Round of negotiations (GSTP/C.P./XVII/3) as well as the Sao Paulo Declaration (GSTP/C.P./SSB/5).

Trade and Tariffs Data

2. The secretariat has carried out an inventory of available trade and tariffs data of GSTP Participants and demonstrated before the Group the operation of the WITS program for use by interested Participants in capitals and in Geneva (SPR/MA/W/1 and SPR/MA/W/2).
3. The Group has to take a decision on the base year of national customs tariffs to use for negotiations, taking into account the base year's technical consistency with the latest available trade flows. Where data is not up-to-date, concerned Participants may wish to provide them to the secretariat at the latest by June 2005.
4. In order to analyze as accurately as possible the opportunities under the Agreement, Participants are invited to inform the Group by 31 January 2005 at the latest of their bilateral, sub-regional and/or regional trade agreements (free-trade, customs union agreements and other agreements). It would be sufficient to indicate the members of such arrangements. With this information, trade flows between or among them would be excised out in any analysis of trade flows under the GSTP.
5. The Trade Information section of the secretariat is prepared to assist Participants install the WITS software in capitals and in Geneva and train their experts on the operations of the software. Participants are requested to inform the secretariat by e-mail of their interest on the matter by 31 January 2005 at the latest so that it could prepare its program of work. The secretariat will render this service at no cost to GSTP Participants.

Stage I - Identification of Export Interests

6. Article 6 (Negotiations) of the Agreement provides for several approaches and procedures.⁴ As an initial step towards formulating the modalities for negotiating and exchanging concessions, the Group should first obtain an appreciation of Participants' export interests under the GSTP. The secretariat shall assist in preparing materials in this respect for information by Participants, to be supplemented or verified by delegations.
7. In April 2005, the Group shall begin discussions on their appreciation of the materials at their disposal with a view to identifying their export interests.
8. By the end of July 2005, Participants should submit to the secretariat their indicative lists of products for potential preferential tariff reductions under the GSTP. The secretariat will circulate these submissions to all Participants.

Stage II - Approaches and Procedures, Specific Modalities

9. Beginning in September 2005, Participants shall submit proposals on specific modalities for negotiating preferential tariff concessions.

⁴ Article 6.2: "The participants may conduct their negotiations in accordance with any or a combination of the following approaches and procedures: (a) Product-by-product negotiations; (b) Across-the-board tariff reductions; (c) Sectoral negotiations; (d) Direct trade measures, including medium and long term contracts."

10. Discussions on modalities would be carried out in a practical hands-on fashion by linking them with the lists of products developed in stage I. Working hypotheses on modalities would be tested against list of products on the table. Agreement on modalities should be reached at the latest by the end of 2005.

Stage III – Exchange of Concessions

11. Participants shall exchange preferential tariff concessions and construct an overall package of market access agreements on the basis of the modalities of negotiations agreed in stage II.

Stage IV – Conclusion and Formalities

12. This stage should already foresee the implementation of the concessions by way of a protocol that would establish and embody said concessions. Ancillary decisions would be necessary to improve several provisions of the Agreement as they relate to market access.

Program of Work

Note by:

Mr. A.O.K. Dipeolu (Nigeria)
Chairperson

1. At its first meeting held on 19 October 2004, the Negotiating Committee allocated the following tasks to the Negotiating Group on Rule-Making:

- (a) Task 1 (Part A of GSTP/C.P./XVII/3);
- (b) Improvements in the rules of origin of the GSTP Agreement and technical cooperation on non-tariff measures (GSTP/TWG/W/5/Rev.1);
- (c) Statistical issues and reporting of trade flows (GSTP/TWG/W/5/Rev.1).

2. The Negotiating Committee instructed the Negotiating Group to develop its detailed program of work, negotiating plans, deadlines, and so forth. This note seeks to elicit the views of delegations on how best to carry out the mandate of the negotiating group.

I. Task 1 (Part A of GSTP/C.P./XVII/3)

3. The priority task before the negotiating group is to examine the possibility of clarifying, or improving if necessary, the provisions of Article 9 of the GSTP Agreement and in this context, other relevant provisions as appropriate. The mandate of the Group is to complete this task by the end of 2004.

4. The negotiating group has met twice informally to carry out the examination of issues regarding Article 9, paragraph 1. Given the inconclusive state of discussions on this matter so far, I should like to draw the attention of delegations to the invitation of the Chairman of the Negotiating Committee that the negotiating group take note of the scheduled meeting of the Committee of Participants early in December this year at the latest, by which time a report on the status of its work was expected.

5. In this regard, the secretariat has confirmed that the second meeting of the Negotiating Committee and the 19th session of the Committee of Participants shall both be held on 3 December 2004. If the negotiating group is to submit its report to the Negotiating Committee on that date, it should meet by 26 November 2004¹ in formal session at the latest to act on the outcome of informal consultations. SPR/RM/W/1/Rev.1

* Issued originally as document SPR/RM/W/1/Rev.1

¹ Subsequently re-scheduled for 29 November 2004.

6. To facilitate our work, delegations may wish to make concrete proposals in respect of the matter at hand as soon as possible. The next informal meeting of the negotiating group on 11 November 2004² should be a good opportunity to begin capturing ideas or thoughts on Article 9, paragraph 1 in concrete language.

II. General Approach to Work

7. The tasks in paragraphs 1(b) and 1 (c) above should be approached systematically, item by item, with provisions for phases and dates of meetings, whether formal or informal. For the purpose of this note, it may be advisable to look into a seven-month period of work, that is, from February to July 2005. Thereafter, in the light of progress of work, the negotiating group shall define the process of negotiations in more detail for the rest of 2005. At some point, it would appear necessary to convene meetings of the negotiating group with the presence of experts from capitals, given the technical nature of some of the tasks before the negotiating group.

III. Preparatory Process

8. Interested delegations, particularly those that introduced ideas or proposals in the course of the work of the Ad Hoc Technical Working Group early this year, are invited to submit in writing their initial proposals or thoughts on rules of origin, technical cooperation on non-tariff measures, statistical issues and reporting of trade flows. The initial submissions should be made available to the secretariat at the latest by [1 February] 2005 to permit the secretariat enough lead time to request for translation services.

9. Initial consideration of the four items (GSTP/TWG/W/5/Rev.1) above would be scheduled as follows:

- (a) Introduction of all written submissions – February 2005
- (b) Operational aspects of certification of origin to facilitate trade³ – [March] 2005
- (c) Annex II of the Agreement⁴ – [May] 2005
- (d) Technical cooperation on non-tariff measures⁵ – [July] 2005
- (e) Statistical issues and reporting of trade flows⁶ – [July] 2005.

² Updated to 25 and 26 November 2004.

³ Paragraph 5 of Part I: "The secretariat is requested to prepare a program of work, for the consideration and approval of the Committee of Participants, on how best to introduce flexibility on the operational aspects of certification of origin to facilitate trade. To illustrate, repetitive documentary requirements for origin certification of small amounts/volumes of imports were discouraging to importers. Thus, to mitigate the burdens of paperwork requirements, consideration must be given to arrangements specifying the validity/coverage of certificates of origin for a certain period of time, for specified goods or for specified volumes, etc. Nothing in the program of work should prejudice the requirement in Rule 7 of Annex II of the Agreement that products eligible for preferential treatment shall be supported by a certificate of origin."

⁴ "6. The provisions of the Agreement pertaining to certification of origin must be reviewed in the light of changes in world trade since the Agreement entered into force in 1989. In this regard, Participants should submit concrete proposals for consideration in a new round with respect to the following ideas raised in the TWG:

(a) Reinforce the disciplines in Annex 2 of the GSTP Agreement (Rules of Origin) to promote clarity and transparency of claims of origin of products and thereby prevent the misuse or abuse of the Agreement (evasion of payment of taxes, etc.) Avoid conflicts between GSTP Participants through exchange of information on national rules for determining origin of products and compliance thereof.

(b) Consider whether the existing percentage thresholds for conferring GSTP origin for products not wholly produced or obtained in GSTP exporting Participants (Rule 3 of Annex II of the Agreement) require updating to prompt more trade."

⁵ Paragraph 5 of Part II: "Non-tariff measures such as technical measures pose obstacles to trade expansion. Technical cooperation among GSTP Participants on these measures should be explored as well. The Committee should also instruct the secretariat to explore the possibility of carrying out an ad-hoc project of such technical cooperation among GSTP Participants such as mutual recognition in product testing by GSTP Participants' accredited agencies etc."

10. Delegations making submissions in writing would introduce their proposals or ideas. A process of clarification follows in order that delegations may fully appreciate submissions or permit interested delegations to submit their own proposals or ideas if they so deem appropriate.

11. Rules of origin and technical cooperation on non-tariff measures may require meetings with the presence of experts from capitals. The experts would share their experiences on these matters, especially on technical cooperation programs that may already be in place bilaterally or plurilaterally among GSTP Participants.

12. By the end of [July] 2005, the negotiating group will take stock of progress made in all of the above tasks and decide which of them are ripe for immediate textual work (in the form of draft decisions or agreements) during the rest of 2005. By the end of 2005, the negotiating group shall again take stock of progress of its work and establish its priorities in 2006.

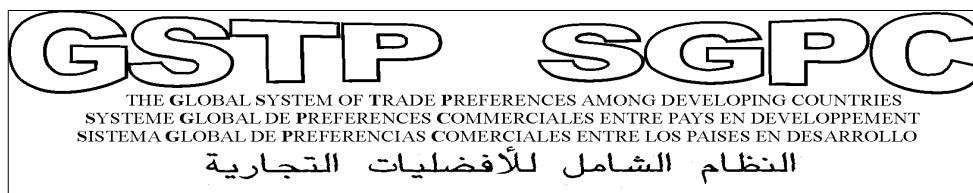

13. Outlined below is a draft schedule of work from February – July 2005 of the Negotiating Group on Rule-Making. This schedule would be harmonized in the light of the schedule of work of the Negotiating Group on Market Access.

STAGE I: IDENTIFICATION OF EXPORT INTERESTS

Members of the Group of 77 and China

GSTP Secretariat Note

The secretariat has prepared a statistical table on exports (where data is available) of members of the Group of 77 and China to GSTP Participants.

The statistical table assumes that the export trade of the members of the Group of 77 and China with GSTP Participants is conducted on a MFN basis. As many members of the Group of 77 and China may have preferential trade with some GSTP Participants under trade arrangements at the regional or subregional levels, the export values show in the table should be considered indicative.

For reasons of brevity, only the top five GSTP export markets are shown in the table.

**Negotiating Group on Market Access
Sao Paulo Round**

STAGE I: IDENTIFICATION OF EXPORT INTERESTS

Least Developed Countries: Agricultural Products

GSTP Secretariat Note

In response to the Market Access Group's request for trade and tariffs materials in connection with stage I of its program of work, the secretariat has prepared a statistical table on the major agricultural exports of the least developed countries Participants to the GSTP (Bangladesh, Benin, Guinea, Myanmar, Mozambique, Tanzania and Sudan) to other GSTP Participants.

The statistical table contains other information such as the percentage shares of each product (H.S. 4-digits) in GSTP LDCs' cumulated total exports, the major GSTP LDC exporters and their major GSTP export destinations.

The top ten (10) exports of the GSTP LDCs account for a little over 91 percent of their cumulated exports to other GSTP Participants.

STAGE I: IDENTIFICATION OF EXPORT INTERESTS

Least Developed Countries: Non-Agricultural Products

GSTP Secretariat Note

The secretariat has prepared a statistical table on the major **non-agricultural exports** of the least developed countries Participants to the GSTP (Bangladesh, Benin, Guinea, Myanmar, Mozambique, Tanzania and Sudan) to other GSTP Participants.

The statistical table contains other information such as the percentage shares of each product (H.S. 4-digits) in GSTP LDCs' cumulated total exports, the major GSTP LDC exporters and their major GSTP export destinations.

The top ten (10) exports of the GSTP LDCs account for almost 65 percent of their cumulated exports of non-agricultural products to other GSTP Participants.
