I. INTRODUCTION

1. Pursuant to the provisions of the High-level Meeting on ECDC held in Cairo in August 1986, the rules of procedure adopted at its first meeting held in Caracas in August 1987, the provisions of the 12th Annual Ministerial Meeting of the Group of 77 held in New York in 1988, the 7th Meeting of the Intergovernmental Follow-up and Coordination Committee on ECDC (IFCC-VII) held in Kuala Lumpur in July-August 1989, the First Annual Meeting of the Group of 77, held in New York in September 1989, the 8th Meeting of the Intergovernmental Follow-up and Coordination Committee on ECDC (IFCC-VIII), held in Panama City in August-September 1993, the 18th and 19th Annual Ministerial Meetings of the Group of 77, held in New York respectively in 1994 and 1995, the 9th Meeting of the Intergovernmental Follow-up and Coordination Committee on ECDC (IFCC-IX), held in Manila in February 1996, and the 20th to 35th Annual Ministerial Meetings of the Group of 77 held in New York respectively from 1996 to 2011, the Committee of Experts of the Perez-Guerrero Trust Fund (PGTF) for South-South Cooperation held its twenty-seventh meeting in New York from 24 to 27 July 2012.

2. The meeting was attended by four of the six members of the Committee, representing the three regions of the Group of 77. Dr. Eduardo Praselj was elected chairman of the Committee for the biennium 2012-2013. The list of participants appears in Annex I.

3. One representative of the Special Unit for South-South Cooperation of UNDP was invited to provide information on matters related to PGTF. Three representatives of the Treasury Division of UNDP were also invited by the Committee to provide information on matters related to the management of PGTF resources, including yield and structure of PGTF portfolio, as well as developments in the financial markets and investment strategies.

4. The Committee adopted the following substantive agenda:

1. Review of the operations of the PGTF;
2. Consideration of new project proposals;
3. Assessment of the implementation of approved projects;
4. Other matters.

5. The Committee had before it the following documents:

1. Twenty-three (23) project proposals;
2. Twenty (20) progress, terminal and financial reports;
3. Note by UNDP on the composition and yield of the PGTF portfolio;
4. Note by UNDP on the financial status of PGTF and the status of implementation of approved projects.

6. According to the information provided by UNDP, uncommitted resources available for 2012 allocations were US$ 405,571, including projected interest earnings until 31 December 2012. In line with guideline A(p) for utilization of PGTF, the maximum support that could be given to any individual project would be one seventh of this total, i.e. US$ 57,939.

II. REVIEW OF THE OPERATIONS OF PGTF

7. An executive summary of the main operational features regarding the performance of PGTF, including highlights of its operations, yield and expansion of its resources, associated costs and operational arrangements, and survey on the impact of PGTF, is presented below.
Highlights of twenty-five years of operation of PGTF (1986-2011)

8. In 1986, a High-level Meeting on ECDC held at Cairo agreed upon the main features for launching PGTF operations, including definition of the objectives of the Fund and criteria for project eligibility, as well as operational arrangements for the submission, appraisal and approval of project proposals.

9. The Trust Fund was established with an initial core capital of US$5 million, which was increased to US$6 million in 2004 by a US$1 million contribution from a member country. According to guideline F(f) for its utilization, only interest accruing on the Fund could be used for project support so as to preserve intact the initial US$5 million. This criterion has also been applied with regard to additional core resources.

10. From 1986 to 2011, 711 project proposals were submitted to PGTF and, in keeping with the guidelines for its utilization the Fund has provided support to 231 projects, with a total allocation of US$11.6 million, i.e. respectively an annual average of 9 projects and US$465,000.

11. With a view to increasing the multiplier effect of PGTF resources, guideline A(m) for utilization of PGTF establishes that project sponsors should secure contributions from other sources of an amount at least equal to the contribution requested from PGTF. Contributions from other sources for the 1986-2011 period amount to US$22.7 million, i.e. US$1.96 for each US$ of PGTF resources.

12. Three priority areas have received around 70 percent of total support from PGTF, namely food and agriculture, technical cooperation, and trade. A breakdown of resources allocated by priority area is provided below:

13. Approved projects have benefited a large number of developing countries as well as institutions and peoples within these countries. So far, 122 developing countries have been direct participants in and/or beneficiaries of PGTF-funded projects, while all member countries of the Group of 77 have been collective beneficiaries of PGTF-funded projects carried out by a large number of regional or interregional institutions and organizations of the South. Interregional and sub regional projects have received the largest support from PGTF as indicated in the breakdown below:
14. As of 27 July 2012, 88 percent, i.e. 204 out of the 231 approved projects have either been completed (156), are under implementation (36) or under preparation (12), as shown in the table below:

15. A large number of national, regional and international institutions of the South have implemented projects supported by PGTF. Implementing institutions include 93 national and 37 regional and international institutions, as detailed below. These figures do not include a large number of national institutions that have participated in and/or benefitted from the activities of PGTF-supported projects, but did not have the primary responsibility in their implementation.

Yield of PGTF resources

16. The Committee reviewed with the representatives of the Treasury Division of UNDP the status of the PGTF portfolio and yield of PGTF resources, pursuant to the recommendations contained in paragraphs 20-23 of the report of the Committee at its ninth meeting in 1994.

17. Total PGTF resources are constituted by the core capital (US$ 6 million) and unexpended resources. Pursuant to guideline F(f) for utilization of PGTF, the core capital should be preserved intact and only interest accrued and other earnings (i.e. additional contributions, reversion of allocated resources from approved projects that were not implemented) are invested by the UNDP in accordance with its financial rules and regulations, and the investment policy is discussed and agreed upon with the PGTF Committee of Experts. Accordingly, the portfolio is fully invested with total holdings on a par value basis of US$ 6,885,885. The book value of the portfolio as of 30 June 2012 was US$ 7,120,215, while the total marked to market value of the portfolio was US$ 7,477,654.

18. The portfolio consists of twelve bonds totaling US$6,675,000 (representing 96.9 percent of total holdings), while the rest of the portfolio is kept as liquidity in a money market fund (US$ 210,885 representing 3.1 percent). Bonds maturities are staggered in a ladder structure: nine bonds have
maturities below five years, from 2012 to 2016 (US$ 5,310,000 or 77.1 percent of total holdings), and three longer-term bonds mature from 2019 to 2022 (US$ 1,365,000 or 19.8 percent).

19. Nominal yield of PGTF portfolio for 2012 is estimated at 4.29 percent per annum, but after adjusting for the purchase price of the securities, the effective yield would be 3.07 percent. Effective yields have been under 3.50 percent per annum for the last four years, mainly as a result of the decrease in interest rates, although partially offset by the investment strategy adopted for PGTF resources.

Total disbursements made in 2011 by UNDP to beneficiaries of PGTF-funded projects totaled US$ 575,253. From January to July 2012, these disbursements totaled US$ 111,055 compared to US$ 147,000 for the January-July 2011 period. This amount was paid by PGTF as inter-fund settlement to UNDP.

20. On the basis of PGTF portfolio as of 30 June 2012, the projected interest earnings for 2012 would be US$ 213,238. The present structure of the portfolio is shown in the table below:

21. Two bonds matured in November 2011 and January 2012. Part of the proceeds were utilized to meet disbursement obligations to approved projects and the remaining funds (US$ 1,770,000) were reinvested in four bonds with maturities ranging from one to ten years earning an average yield of 1.70 percent.

22. Main recent developments in the financial markets include (a) The Euro-area financial situation is still dominant and tense, i.e. further ratings downgrades for several countries exacerbate credit problems, the European Central Bank lowers rates on Eurozone bank deposits to 0%, and negative markets are expected in the near future; (b) Near zero rates and high risk environment; (c) the global economic growth
is still weak, in particular China and United States economies are growing at low rates; and (d) Some predictions indicate a decades long global recovery time.

23. In light of the above, the investment strategy should take into account that a prolonged period of near zero interest rates is to be expected, and that the previous rationale of short duration for new investments is no longer valid.

24. Two (2) bonds in the amount of US$ 1,075,000 will mature between September 2012 and June 2013 and the investment strategy for the next 12 months would be as follows:

   a) To reinvest the proceeds immediately after each maturity in five year bonds to maximize return;
   b) To keep a small cushion of cash to ensure sufficient liquidity and transfer the cash balances to higher yielding money market funds;
   c) To explore the attractiveness of increasing beyond 20 percent of the portfolio the share of securities with maturities exceeding five years (approval of the UNDP Investment Committee would be required);
   d) To explore investment opportunities in (i) eligible institutions having AA or A credit ratings, and (ii) investment-grade sovereign debts of developing countries, with a view to increasing income while maintaining a high credit rating;

25. Performance of the PGTF portfolio is being measured on a quarterly basis against a benchmark (i.e. the 5-year U.S. Treasury) since the beginning of 2007 and the PGTF portfolio has consistently outperformed the benchmark, as shown in the table below:

26. While this investment strategy represents the best option under the circumstances, interest earnings would only be US$ 213,238 for 2012. In addition, available resources for supporting projects in 2012 have been increased by some US$ 192,333 coming from contributions by member countries (US$ 60,425) and non-recurrent items (US$ 131,908 due to cancellation of five approved projects that were not implemented and other adjustments). In summary, total availability for 2012 is US$ 405,571 but 47% of this amount comes from non-recurrent items. A breakdown of the availability of funds since 1990 is as follows:

### Sustainability of PGTF activities

27. In light of the present situation and outlook of the financial markets, it is highly unlikely that interest rates will increase in the foreseeable future. Since the main source of funds for PGTF is the interest earned from its portfolio, prospects that this situation might continue represent a significant and negative impact not only on PGTF operations as such, but also a threat to its relevance and very sustainability.

28. PGTF has faced a similar situation in the past three years and, on the occasion of the past three Annual Ministerial meetings of the Group in September 2009, 2010 and 2011 appeals were made at the highest level to member countries to make an exceptional effort and consider making significant contributions to PGTF. The member countries of the Group responded to these appeals and 31 contributions were received totaling US$ 266,900 (i.e. 12 in 2009, 11 in 2010 and 8 in 2011 totaling respectively US$ 74,900, US$ 89,800, and US$ 102,200), which supplemented interest earnings from PGTF core capital.

29. While PGTF has undertaken a number of measures within its purview, aimed at maximizing to the extent possible the yield and multiplier effect of its resources, estimated interest earnings in the foreseeable future would be in the range of US$ 210,000 to 230,000 per annum. This amount is insufficient to meet the growing needs for support of South-South cooperation (which are at least US$ 500,000 per annum according to past experience) and strong support from member countries is required to bridge the present gap and provide time to identify and implement other solutions aimed at ensuring the long term sustainability of PGTF.

30. The Committee prepared a number of recommendations on initiatives to be carried out by the Chairman of the Group of 77, with the assistance of the Committee, aimed at providing political impetus and convey the needed sense of urgency in contacts to be made with potential sources of funding for PGTF. The Committee considers that these initiatives are critical in the circumstances and would significantly reinforce ongoing actions aimed at expanding PGTF resources, as described below.

### Expansion of PGTF resources

31. The Committee reexamined practical ways of implementing its recommendations regarding the expansion of the PGTF resources as approved by the 20th Annual Ministerial Meeting of the Group of 77 in 1996. As identified in 1996, options available for expanding PGTF resources fall within one of the following three categories: (a) increase of the resources of PGTF; (b) increase of the yield of the PGTF portfolio; and (c) increase of the multiplier effect of PGTF resources through co-financing with other institutions.
(a) Increase of the resources of PGTF

32. This option consists of enlisting contributions from potential donors, which may include interested developing and developed countries as well as intergovernmental and non-governmental institutions and organizations.

33. Accumulated contributions received by PGTF up to 27 July 2012 amount to US$ 1,858,768, distributed as follows:

A breakdown of these contributions is provided in the section below.

Contributions by member countries of the Group of 77

34. On the basis of the experience gained from 1996 to 2010 and taking into account the recommendations contained in the Havana Programme of Action adopted by the First South Summit in 2000, the Committee reiterated its recommendation to focus initially on seeking contributions from member countries, as a way of building evidence of commitment and support that would represent a powerful argument when approaching other donors, both countries and institutions.

35. The Committee welcomed eleven (11) new contributions made since the last meeting of the Committee (i.e. from August 2011 to July 2012) by ten (10) developing countries. These contributions totaled US$ 123,425, as follows:

2011 (4)  
- Algeria (US$ 10,000 – 9th contribution)
- Ecuador (US$ 1,000)
- Kuwait (US$ 50,000 – 3rd contribution)
- Trinidad and Tobago (US$ 2,000 – 5th contribution)

2012 (7)  
- Afghanistan (US$ 1,000)
- Algeria (US$ 10,000 – 10th contribution)
- Argentina (US$ 15,000 – 2nd contribution)
- Brunei Darussalam (US$ 2,000)
- Peru (US$ 20,000 – 2nd contribution)
- South Africa (US$ 7,425 – 10th contribution)
- Uruguay (US$ 5,000 – 3rd contribution)

36. The Committee also noted the previous ninety-three (93) contributions made by thirty-four (34) developing countries up to 31 July 2011, namely:

1997 (1)  
- Mauritius (US$ 500);

1998 (2)  
- Pakistan (US$ 1,000), and Singapore (US$ 2,000);

1999 (8)  
- Islamic Republic of Iran (US$ 3,000), Democratic People's Republic of Korea (US$ 2,000),
- Cyprus (US$ 2,000), Thailand (US$ 2,000), Malaysia (US$ 2,000), Algeria (US$ 2,000), India (US$ 2,000),
- and Philippines (US$ 1,500);
2000 (3) China (US$ 2,000), Democratic People's Republic of Korea (US$ 2,000 – 2nd contribution), and Peru (US$ 2,000);

2001 (4) Egypt (US$ 2,000), Democratic People's Republic of Korea (US$ 2,000 – 3rd contribution), South Africa (US$ 3,000), and Singapore (US$ 2,000 – 2nd contribution);

2002 (5) United Republic of Tanzania (US$ 5,000), Cyprus (US$ 3,000 – 2nd contribution), Democratic People's Republic of Korea (US$ 2,000 – 4th contribution), Thailand (US$ 2,290 – 2nd contribution), and Egypt (US$ 2,000 – 2nd contribution);

2003 (5) Indonesia (US$ 2,000), Kuwait (US$ 3,000), Cyprus (US$ 2,775 – 3rd contribution), South Africa (US$ 6,765 – 2nd contribution), and Democratic People's Republic of Korea (US$ 2,000 – 5th contribution);

2004 (10) Qatar (US$ 10,000), Thailand (US$ 2,000 – 3rd contribution), Brazil (US$ 2,000), Algeria (US$ 10,000 – 2nd contribution), Venezuela (one US$ 1 million contribution to the core capital of PGTF and four contributions of US$ 5,000 each), and Democratic People’s Republic of Korea (US$ 2,000 – 6th contribution);

2005 (8) Algeria (a 3rd and a 4th contribution of US$ 10,000 each), Namibia (US$ 1,000), Islamic Republic of Iran (a 2nd and a 3rd contribution of US$ 10,000 each), South Africa (US$ 8,188 – 3rd contribution), Venezuela (US$ 5,000 – 6th contribution), and Democratic People’s Republic of Korea (US$ 2,000 – 7th contribution);

2006 (8) Singapore (US$ 2,000 – 3rd contribution), Brazil (US$ 20,000 – 2nd contribution), Pakistan (US$ 5,000 – 2nd contribution), Philippines (US$ 1,500 – 2nd contribution), Trinidad and Tobago (US$ 4,130), Algeria (US$ 10,000 – 5th contribution), Venezuela (US$ 10,000 – 7th contribution), and South Africa (US$ 8,016 – 4th contribution);

2007 (6) Trinidad and Tobago (US$ 2,000 – 2nd contribution), South Africa (US$ 6,667 – 5th contribution), Islamic Republic of Iran (US$ 10,000 – 4th contribution), China (US$ 20,000 – 2nd contribution), Venezuela (US$ 10,000 – 8th contribution), and Uruguay (US$ 5,000);

2008 (6) Antigua and Barbuda (a first and second contribution of US$ 5,000 each), South Africa (US$ 7,645 – 6th contribution), Algeria (US$ 10,000 – 6th contribution), Suriname (US$ 1,500), and China (US$ 20,000 – 3rd contribution);

2009 (12) Algeria (US$ 10,000 – 7th contribution), South Africa (US$ 5,889 – 7th contribution), Jamaica (US$ 1,000), Qatar (US$ 10,000 – 2nd contribution), Uruguay (US$ 5,000 – 2nd contribution), China (US$ 20,000 – 4th contribution), and Cameroon (a first contribution of US$ 4,515 and a 2nd contribution of US$ 4,461); Trinidad and Tobago (US$ 2,000 – 3rd contribution); Antigua and Barbuda (US$ 5,000 – 3rd contribution); Lebanon (US$ 2,000); and Chile (US$ 5,000).

2010 (11) Algeria (US$ 10,000 – 8th contribution); Sudan (US$ 10,000); Trinidad and Tobago (US$ 2,000 – 4th contribution); Egypt (US$ 10,000 – 3rd contribution); Indonesia (US$ 5,000 – 2nd contribution); South Africa (US$ 7,822 – 8th contribution); Qatar (US$ 20,000 – 3rd contribution); Madagascar (US$ 1,000); Viet Nam (US$ 2,000); Singapore (US$ 2,000 – 4th contribution); and China (US$ 20,000 – 5th contribution)

2011 (4) Kuwait (US$ 5,000 – 2nd contribution); Argentina (US$ 5,000); South Africa (US$ 9,180 – 9th contribution); and China (US$ 20,000 – 6th contribution)

37. In summary, PGTF has received one-hundred-four (104) contributions from thirty-seven (37) developing countries up to 27 July 2012. Total contributions paid amount to US$1,658,768, including the first contribution (US$ 1 million) to its core capital made by Venezuela. A breakdown of the contributions by size is presented below:

(*) Ten countries have made both smaller and larger contributions

38. The Committee also noted with satisfaction that twenty-two (22) developing countries, namely Algeria and South Africa (ten separate contributions each); Venezuela (eight contributions); Democratic People’s Republic of Korea (seven contributions); China (six contributions), Trinidad and Tobago (five contributions); Islamic Republic of Iran and Singapore (four contributions each); Antigua and Barbuda, Cyprus, Egypt, Kuwait, Qatar, Thailand and Uruguay (three contributions each); Argentina, Brazil, Cameroon, Indonesia, Pakistan, Peru and Philippines (two contributions each) have made multiple contributions to PGTF and invited other countries to follow this encouraging initiative.

39. As indicated in paragraphs 15-20 of the report of the special meeting held in June 2003, the Committee recommended two mutually supportive approaches to enlist contributions from member countries of the Group of 77, namely (i) to continue requesting smaller contributions (i.e. a notional amount of US$2,000) from all member countries as a sign of the commitment of the largest possible number; and (ii) to request larger contributions from member countries in a position to contribute.

40. The Doha Plan of Action, adopted by the Second South Summit, held in Doha from 12 to 16 June 2005 welcomed the progress made so far by PGTF in support of South-South cooperation and called upon member countries, as well as the United Nations system to support the expansion of PGTF resources through regular contributions.

Contributions by non-governmental national institutions

41. The Committee was informed that several non-governmental national institutions were interested in making contributions to PGTF resources. In this regard the Committee indicated that these contributions are welcomed, will be identified as a separate category and contributors will be given proper recognition in all PGTF information and releases regarding contributions.

42. Furthermore, the Committee was of the view that these contributions might represent an initial step towards a broader working relationship with non-governmental institutions.

Contributions by international institutions

43. Consultations have been held with a number of international institutions with a view to exploring their interest in either making contributions to PGTF resources or co-financing projects with PGTF. The experience so far indicates that a flexible and practical approach should be adopted in order to find common grounds for undertaking joint activities from the point of view of both areas of interest or priority and working procedures.

44. In late 2006, a Grant Agreement was signed by the International Fund for Agricultural Development (IFAD) and PGTF, providing for a contribution of US$ 200,000 over a two (2) year period, to be disbursed in two installments of US$100,000 each. As a result, six (6) projects have been...
supported (cf. INT/08/K02, INT/08/K05 and INT/08/K09 in 2007 and INT/10/K01, INT/10/K02 and
INT/10/K11 in 2009).

45. The Committee wished to commend again IFAD for its contribution and the support provided by
IFAD to South-South cooperation activities carried out jointly with PGTF. The Committee considers that
the IFAD-PGTF Grant Agreement represents an excellent pilot experience that could be expanded and
extended, and replicated with other international institutions.

**Impact of contributions to PGTF resources**

46. In light of the sizeable reduction in interest rates in recent years, contributions have become
critical in supplementing interest earnings and thus partially preserving the responsiveness of PGTF to the
growing needs for supporting South-South cooperation. As indicated in the table below, in 2007, 2008,
2009, 2010, 2011 and 2012 (up to 27 July 2012) contributions respectively increased by 73, 42, 116, 78,
76 and 57 percent the resources provided by interest earnings of the initial core capital.

47. **Impact of contributions on PGTF resources since 2007 has been as follows:**

(b) **Increase of the yield of the PGTF portfolio**

48. Investment strategies have aimed at taking advantage of prevailing market conditions at any
given moment, bearing in mind that preservation of PGTF core resources should be the paramount
consideration when exploring investment options. In 2003, following a request by the Committee of
Experts, the UNDP Investment Committee approved that up to 20 percent of PGTF portfolio could be
invested in securities issued by supranational and government agencies with up to ten year maturities so
as to increase returns. As a result, 19.8 percent of PGTF portfolio is currently invested in three securities
with maturities between seven and ten years, with a view to securing higher yields as compared to shorter
term investments.

(c) **Increase of the multiplier effect of PGTF resources through co-financing with other institutions**

49. Since the launching of PGTF operations in 1986, the impact of PGTF-funded projects has been
increased by the mobilization of resources from other sources, which up to 2011 totaled US$ 22.7 million,
i.e. some US$1.96 for every US$1 of PGTF contributions. As illustrated in the table below, numerous regional and interregional institutions have co-financed multiple projects with PGTF, which is an indication that this scheme has brought about mutually satisfactory results.

50. The Committee recommended continuing consultations with these institutions, as well as with other institutions interested in co-financing projects with the PGTF, with a view to identifying further opportunities for enhancing the multiplier effect of PGTF resources.

51. In addition to the case-by-case approach established in guideline A(m) for utilization of PGTF, which requires that all proposals submitted to PGTF should include inputs from other sources of an amount at least equal to the resources requested from PGTF, efforts have been made to achieve structured agreements with some institutions, aimed at providing more continuity and predictability to co-financing activities. However, past experience has proven that established priorities, legal and financial regulations, and working procedures of many institutions render it difficult to go beyond the case-by-case approach.

Operating arrangements

52. The Committee examined the operating arrangements of PGTF and agreed to focus on dissemination of information on PGTF and follow up of the implementation of approved projects.

53. In this regard, the Committee recommended at its twenty-fourth meeting in 2009 to expand the information available in the PGTF section of the website of the Group of 77 (www.g77.org), including in particular the translations of the summaries of completed projects already posted on the website into the working languages of the Group, as a means of facilitating access to the information contained in the full texts of the final reports, posted in their original languages. So far, 126 final reports in their original languages have been posted in the website.

54. The Committee was informed that the translation process of the summaries has already been launched and that in the near future they will be posted in the website of the Group of 77.

55. In cooperation with the Office of the Chairman of the Group of 77, PGTF has undertaken the preparation of a special issue of the “The Collected Documents of the Group of 77” series, containing documentation as well as analytical and statistical information on PGTF activities and performance. Collection of information is underway and the final manuscript will be delivered to the publisher in mid-December 2012. It is estimated that the special issue will be published in the first quarter of 2013.
56. Finally, PGTF was present at the 2011 Global South-South Development Expo held at FAO headquarters in Rome from 5 to 9 December 2011. PGTF has been invited to participate in two exhibitions to be held in 2012: (a) an exhibition organized by the Group of 77 at the UN headquarters in New York in September 2012 on the occasion of the United Nations Day for South-South Cooperation and (b) the 2012 Global South-South Development Expo, to be hosted by UNIDO in Vienna from 19 to 23 November 2012.

57. Both exhibitions provide opportunities to present the results of selected projects funded by PGTF, as concrete examples of the impact and potential of PGTF in supporting South-South cooperation. The Committee recommended that the salient features of PGTF performance, as a success story in South-South cooperation, be highlighted including its responsiveness and cost-effectiveness, the significant impact of projects funded albeit being of a small size, and the fact that in light of the decline in interest rates support from governments is critical in compensating the loss in interest earnings and preserving the operating capability of PGTF.

Survey of the impact of PGTF

58. On the basis of the recommendation of the Committee at its twelfth meeting in 1997, a survey on the impact and benefits of the projects funded by PGTF was initiated in 1998, with a view to supporting the promotion of the Fund. To date the Office of the Chairman has received information on 106 of the 156 PGTF-supported projects that have been completed. A summary of the results of the survey is presented in Annex III of this report.

III. CONSIDERATION OF NEW PROJECT PROPOSALS

59. The Committee had before it twenty-three (23) project proposals submitted to PGTF before the established deadline of 30 April 2012. The titles of these proposals are listed below:

1. Training programme on entrepreneurship development of OIC countries
2. A proposal to improve the diagnostics capacities of Brucellosis disease, enhance the vaccination and control strategies with special emphasis on farmers’ awareness in Algeria, Egypt, Palestine and Jordan
3. OIC-LDC Youth entrepreneurship development – Education seminar and training YED
4. Strengthening development and integration of the border areas in Latin America and the Caribbean as a cornerstone for the economic and social dimensions of integration
5. Exchange of experiences among developing countries on reforms and proposals for electoral reforms that would contribute to the strengthening of democracy
6. Strengthening of the South American network for the textile and commercial standardization of fine natural hair of South American camelids (Alpaca) in Argentina, Bolivia and Peru
7. Training and preparation of youth for democratic sustenance leadership and for professional manpower development through mentoring and S.E.L.L.
8. A review of ECDC/TCDC three decades of policies and implementation procedures focusing on the coordination, integration, partnership, ownership (NEX), impact and long term sustainability with assessment of the adequacy of technical assistance input from both North and South
9. Technical cooperation project among Bolivia, Ecuador and Peru for the eradication of child labour in garbage dumps
10. Quantitative and qualitative protection perimeter for water tables
(11) **Study of a master plan for the combat against floods and flooding of cities in the hydrographic region Oranie-Chott-Chergui**

(12) **Study and implementation of stations for the control and follow-up of healthy and unhealthy zones for fishing and aquaculture**

(13) **Integration of fish farming into agriculture: utilization of irrigation reservoirs for fish breeding**

(14) **Information system for fisheries**

(15) **Improvement of post-harvest techniques for fruit flies control**

(16) **Regional integration and infrastructure for development on Latin America**

(17) **Decontamination of distillery slops by microbial protein propagation**

(18) **Evaluation of synthetic and recombinant variants of antimicrobial peptides from marine invertebrates as a source for potential antibiotics**

(19) **Small-scale demonstration project on solar energy technology and products in Kenya and Malta**

(20) **Demonstration programme of refurbished rural multi-purposed small hydropower project in Asia and Latin America**

(21) **Integrated solution to drinking water safety issues in rural areas**

(22) **Technical training on small hydropower among ASEAN countries**

(23) **Assessment of bamboo bioenergy development in Africa and Latin America**

60. The following proposal was received after the established deadline of 30 April 2012 and was not considered by the Committee at its twenty-seventh meeting:

(1) **Improving parliamentarians’ capacities on environmental legislations with emphasis on genetically modified organisms (GMOs) in Algeria, Palestine and Jordan**

61. According to the provisions of guideline A(p) for utilization of PGTF resources, the Office of the Chairman should request the submitting entities to resubmit these late proposals not later than 30 April 2013, in their original form or updated as appropriate, for consideration at the twenty-eighth meeting of the Committee in 2013.

**Project proposal No. 1 — Training programme on entrepreneurship development of OIC countries**

62. The Islamic Chamber of Commerce and Industry (ICCI), based in Karachi, Pakistan submitted the proposal through the Permanent Observer Mission of the Organization of Islamic Cooperation (OIC) to the United Nations. The proposal was endorsed by the 37th Session of the Council of Foreign Ministers (CFM) of the OIC, held in Dushanbe, Tajikistan in May 2010 (cf. resolution 8/37-E) and by the 38th Session of the CFM of the OIC, held in Astana, Kazakhstan in June 2011 (cf. resolution OIC-CFM-38/2011/ECO/RES/FINAL). Participating countries would be Afghanistan, Bahrain, Egypt, Iraq, Islamic Republic of Iran, Jordan, Kazakhstan, Kuwait, Oman, Pakistan, Qatar, Saudi Arabia, Sudan, Turkey and Uganda.

63. The ICCI is undertaking activities that would directly or indirectly lead to developing the economies of OIC member countries. In this context, entrepreneurship is one of the most important vehicles for improving the economic wellbeing of individuals and societies. The business community from OIC member countries needs to have a common platform to promote entrepreneurship, which will become a key to poverty alleviation, self-reliance and prosperity.

64. According to the text of the proposal, the project consists of a training programme having the following objectives: (a) to create opportunities for self-employment; (b) to contribute to the economic wellbeing of individuals and societies; (c) to strengthen the trade and industrial base of OIC member
countries; (d) to combat poverty and move towards self-reliance and prosperity; (e) to provide a platform for participating member countries to come together and draw a roadmap to have a stable and sustainable economic growth; and (f) to develop a system that would contribute to bridge the gap between the education received and the needs of the productive sector.

65. Total cost of the project, to be implemented in three (3) days is estimated at US$ 66,000 and the contribution requested from PGTF amounts to US$ 33,000. A breakdown of the total cost is shown in the table below:

66. The Committee considered that this proposal complies in general with the guidelines for utilization of PGTF. The Committee therefore recommended that this proposal avail from the financing of PGTF and that US$ 33,000 be allocated to this end. This contribution should be disbursed in one single tranche.

Project proposal No.2 - *A proposal to improve the diagnostics capacities of Brucellosis disease, enhance the vaccination and control strategies with special emphasis on farmers’ awareness in Algeria, Egypt, Palestine and Jordan*

67. The Jordan University of Science and Technology (JUST), based in Irbid, Jordan submitted the proposal through the Permanent Mission of Jordan to the United Nations. Other participating countries would be Algeria, Egypt and Palestine.

68. Brucellosis is an animal disease affecting different species (sheep, goats, cattle, camels and swine) that is transmitted to humans mainly by eating non-pasteurized milk or by direct contact with fluids or tissues of diseased animals. While abortion in different animals species is the cardinal clinical sign of brucellosis, the disease results in low fertility, stillbirth and decreased milk production.

69. According to the text of the proposal, the project aims at organizing a consultation research workshop that will bring together some key players in animal and public health with reference to brucellosis disease (government, academics and private sector). Specific objectives of the project are (a) to enable sharing of expertise on brucellosis diagnosis and epidemiology in animals and humans; (b) to facilitate transfer of knowledge and new diagnostic techniques; (c) to exchange information on the pathology, mechanism, prevalence and status of brucellosis in the region in animals and humans; (d) to enhance the human resource capacity in the laboratories for brucellosis diagnosis; (e) to increase awareness on how to use the best control measures (vaccination) for disease occurrence; (f) to increase the awareness of farmers, animal scientists and the public about the epidemiology and transmission of brucellosis; (g) to improve the communication between and among specialists in the ministries of agriculture and health in the participating countries; and (h) to produce and publish a proceeding on the status of brucellosis in the region.
70. Total cost of the project, to be implemented in ten (10) months, is estimated at US$ 70,000 and the contribution sought from PGTF amounts to US$ 35,000. A breakdown of the total cost is provided below:

71. The Committee considered that this proposal complies in general with the guidelines for utilization of PGTF. The Committee therefore recommended that this proposal avail from the financing of PGTF and that US$ 33,000 be allocated to this end. This contribution should be disbursed in one single tranche.

Project proposal No.3 - **OIC-LDC Youth entrepreneurship development – Education seminar and training YED**

72. The Islamic Conference Youth Forum for Dialogue and Cooperation (ICYF-DC), an institution based in Istanbul, Turkey and affiliated to the Organization of Islamic cooperation (OIC) submitted directly the proposal. The proposal was endorsed by the 38th Session of the Council of Foreign Ministers – CFM of the OIC, held in Astana, Kazakhstan in June 2011. Participating countries would be Cameroon, Djibouti, Indonesia, Maldives, Palestine, Pakistan, Sierra Leone, Sudan, Thailand and Uganda.

73. According to the text of the proposal, the project aims at providing support to young entrepreneurs with the necessary education, professional experience and coordination between young entrepreneurs form Asia and Africa, and from the 10 participating countries. One youth entrepreneurship association has been identified in each participating country and 2 members for each association will participate in the project. The project expects to produce around 20 business development projects, to be implemented by young entrepreneurs from the participating countries, with special emphasis on youth employment increase and support for sustainable development. The project will also focus on connecting the implementing small and medium enterprises to prospective funding institutions.

74. Total cost of the project, to be implemented in three (3) months, is estimated at US$ 141,240. The contribution sought from PGTF amounts to US$ 34,400, and a breakdown of the total cost is provided below:
## Project proposal No. 4 - Strengthening development and integration of the border areas in Latin America and the Caribbean as a cornerstone for the economic and social dimensions of integration

75. The Committee considered that this proposal complies in general with the guidelines for utilization of PGTF. The Committee therefore recommended that this proposal avail from the financing of PGTF and that US$ 34,400 be allocated to this end. This contribution should be disbursed in one single tranche.

76. The Permanent Secretariat of the Latin American Economic System (SELA), based in Caracas, Venezuela submitted directly the proposal. Participating countries would be the twenty-eight (28) member countries of SELA (Argentina, Bahamas, Barbados, Belize, Bolivia, Brazil, Colombia, Costa Rica, Cuba, Chile, Dominican Republic, Ecuador, El Salvador, Grenada, Guatemala, Guyana, Haiti, Honduras, Jamaica, Mexico, Nicaragua, Panama, Paraguay, Peru, Suriname, Trinidad and Tobago, Uruguay, and Venezuela). The project was endorsed by the governing body of SELA, the Latin American Council, through Decisions 494 adopted at its 34th meeting (November 2008) and 521 adopted at its 37th meeting (October 2011).

77. According to the text of the proposal, the objectives of the project are (a) to provide an overview of policies and initiatives being advanced in the Latin American and Caribbean countries in the field of border integration, and the role of regional and sub-regional integration mechanisms in strengthening such cooperation; (b) to collect and document any successful experiences and best practices in this area at the intraregional and interregional levels; (c) to identify and exchange information on opportunities for international cooperation, South-South cooperation and triangular cooperation that are now available to the Latin American and Caribbean countries, and initiatives that have been undertaken in the region with the support of bilateral and multilateral development agencies; and (d) to promote a space for regional dialogue on the exchange of offers and demands for cooperation in the field of border integration.

78. Total cost of the project, to be implemented in twelve (12) months, is estimated at US$ 75,000 and the contribution requested from PGTF amounts to US$ 35,000. A breakdown of the total cost is provided below:

Project proposal No. 5 – Exchange of experiences among developing countries on reforms and proposals for electoral reforms that would contribute to the strengthening of democracy

80. The National Office of Electoral Processes of Peru submitted directly the proposal. Other participating countries would be Costa Rica and Panama.

81. According to the text of the proposal, the projects aims at exchanging experiences on electoral reforms and implementation proposals among the participating institutions, namely the Supreme Elections Court of Costa Rica, the Elections Court of Panama and the National Office of Electoral Processes of Peru. To this end, decentralized conferences would be held in Peru, to be attended by the participating institutions as well as political organization and civil society from those countries. The proceeds of the conferences would be published and distributed to all participants.

82. Total cost of the project, to be implemented in fifteen (15) months, is estimated at US$ 62,440 and the contribution sought from PGTF amounts to US$ 35,000. A breakdown of the total cost is shown below:

(*) The budget submitted does not indicate the source of funding for this item

83. The Committee noted that the contribution from other sources amounts to US$ 23,440 and, according to the provisions of guideline A(m) for utilization of PGTF, which establishes that all project proposals submitted to PGTF should include inputs from other sources of an amount at least equal to the resources requested from PGTF, the maximum support that could be given to this project would be US$ 23,440. In the supporting documentation, the submitting institution indicated that the project could not be implemented if the allocation by PGTF were less than the requested resources.

84. In light of the above, the Committee concluded that it was not possible to provide a meaningful support to this project and recommended that this proposal should not avail from the financial of PGTF.

Project proposal No. 6 – Strengthening of the South American network for the textile and commercial standardization of fine natural hair of South American camelids (Alpaca) in Argentina, Bolivia and Peru
85. The General Directorate for Agrarian Competitiveness under the Ministry of Agriculture of Peru submitted the proposal through the Permanent Mission of Peru to the United Nations. Other participating countries would be Argentina and Bolivia.

86. The main producing countries of fine natural hair of South American camelids are Peru (Alpacas and Vicunas), Bolivia (Llamas) and Argentina (Guanacos). Exports consist mainly of tops, yarn and fabrics while higher value-added exports (i.e. garments, accessories and other) are less developed. In addition, the regional market of camelids fine hair has a low quality culture, lacks internationally accepted standards, production and commercial competences are limited, and there are very low levels of innovation and penetration of finished goods in competitive markets.

87. According to the text of the proposal, the project aims at (a) promoting and/or implementing international standards for fine natural hair of South American camelids at the International Wool Textile Organization (IWTO), a worldwide reference organization for the textile sector; and (b) strengthening laboratory good practices as well as competences of Andean breeders through information exchange and transfer of knowledge on the importance of carrying out commercial transactions within the framework of national and international technical standards.

88. Total cost of the project, to be implemented in twelve (12) months, is estimated at US$ 66,500, and the contribution requested from PGTF amounts to US$ 33,000. A breakdown of the total cost is provided in the table below:

89. The Committee considered that this proposal complies in general with the guidelines for utilization of PGTF. The Committee therefore recommended that this proposal avail from the financing of PGTF and that US$ 30,000 be allocated to this end. This contribution should be disbursed in one single tranche.

Project proposal No. 7 – *Training and preparation of youth for democratic sustenance leadership and for professional manpower development through mentoring and S.E.L.L.*

90. Ms. Victoria Taiwo Obasayo-Ayo submitted directly the proposal. Participating countries would be Cameroon, Ethiopia, Ghana, Nigeria and South Africa.

91. According to the text of the proposal, the project aims at (a) strengthening youth participation in democratic sustenance and improving their professional competence to enhance employment in high-skilled jobs, with a view to improving the national economic status, promoting partnership and investment; and (b) reducing by 50% youth unpreparedness in employments that require special skills and experience through mentoring of youth to develop their technical know-how and interpersonal; skills, and through exposure to participatory learning procedures of the S.E.L.L. system analysis.
92. In the summary pages of proposal, it is indicated that total cost of the project, to be implemented over a nineteen (19) year period, is estimated at US$ 125,100 per annum and the contribution requested from PGTF amounts to US$ 45,000 per annum. However, in other parts of the proposal total cost is estimated at US$ 125,000 and the amount requested from PGTF amounts to US$ 65,000.

93. The Committee noted that the same person had submitted two proposals for consideration at this meeting, namely proposals No. 7 and 8 and, according to guideline A(d) for utilization of PGTF resources only one could considered for funding. In addition, the Committee noted that the amount requested and implementation period are beyond the purview of PGTF and it would not be possible to provide meaningful support to this project.

94. The Committee also considered that it was not possible to ascertain the cooperative element of the project, as required by guideline A(f) for utilization of PGTF, since the supporting documentation contains no written endorsements by potential beneficiary countries.

95. The proposal is not eligible for funding and the Committee therefore recommended that this proposal should not avail from the financing of PGTF

Project proposal No. 8 – *A review of ECDC/TCDC three decades of policies and implementation procedures focusing on the coordination, integration, partnership, ownership (NEX), impact and long term sustainability with assessment of the adequacy of technical assistance input from both North and South*

97. According to the text of the proposal, the objective of the project is to carry out a review of TCDC/ECDC projects implemented from 1978 to date in order to assess the status of coordination, integration, partnership, ownership of both the policies and implementation procedures, impact and long-term sustainability with assessment of the adequacy of technical assistance input from both North and South.

98. In the summary pages of the proposal, it is indicated that total cost of the project, to be carried out over a nineteen (19) year period, is estimated at US$185,000. The contribution requested from PGTF amounts to US$ 80,000 per annum. However, in other parts of the proposal the amount requested is US$ 100,000. The Committee noted that, apart from the inconsistencies in budget figures, the amount requested and the implementation period are well beyond the purview of PGTF and that therefore it would not be possible to provide any meaningful support. In addition, the Committee considered that it was not possible to ascertain the cooperative element of the project, as required by guideline A(f) for utilization of PGTF, since the supporting documentation contains no written endorsements by potential beneficiary countries.

99. The proposal is not eligible for funding and the Committee therefore recommended that this proposal should not avail from the financing of PGTF

Project proposal No. 9 – *Technical cooperation project among Bolivia, Ecuador and Peru for the eradication of child labour in garbage dumps*

100. The Ministry of Foreign Affairs of Ecuador submitted the proposal through the Permanent Mission of Ecuador to the United Nations. Other participating countries would be Bolivia and Peru.
101. According to the text of the proposal, the project aims at providing technical assistance to the
governments of Bolivia and Peru in the implementation of strategies conducive to the eradication of child
labour in garbage dumps. The project involves participation of some 70 technical officials from
concerned public and private institutions and would benefit children and youth working in garbage dumps
in Bolivia and Peru.

102. Total cost of the project, to be implemented in six (6) months, is estimated at US$ 59,550 and the
contribution requested from PGTF amounts to US$ 29,550. A breakdown of the total cost is provided in

PGTF and that US$ 28,000 be allocated to this end. This contribution should be disbursed in one single
tranche.

Project proposal No. 10 – Quantitative and qualitative protection perimeter of water tables

104. The Ministry of Water Resources of Algeria submitted the proposal through the Permanent
Mission of Algeria to the United Nations. No other participating countries are identified in the proposal.

105. According to the text of the proposal, the objective of the project is to study and establish in the
wilayas of the Oran region a protection perimeter of water tables against any source of pollution. To this
end, the project includes (a) identification of polluters; (b) hydrogeological study of the water tables; (c)
follow-up of water quality in the tables; (d) study and implementation of a protection perimeter; and (e)
implementation of a geographical information system.

106. The supporting documentation does not provide information on the duration of the project nor on
its total cost or on the contribution requested from PGTF.

107. The Committee noted that both the scope and activities of the project indicate that it corresponds
to a project of a national nature, that is not eligible for funding according to guideline A(f) for utilization
of PGTF resources.

108. The Committee therefore recommended that this proposal should not avail from the financing of
PGTF.

Project proposal No. 11 – Study of a master plan for the combat against floods and flooding of cities in
the hydrographic region Oranie-Chott-Chergui

23
109. The Ministry of Water Resources of Algeria submitted the proposal through the Permanent Mission of Algeria to the United Nations. No other participating countries are identified in the proposal.

110. According to the text of the proposal, the main goal of the project is to determine the main parameters required for in-depth studies regarding the protection of cities against foods and flooding. The study will cover the hydrographic region of Oranie-Chott-Chergui.

111. The supporting documentation does not provide information on the duration of the project not on its total cost or on the contribution sought from PGTF.

112. The Committee was of the view that both the scope and activities of the project indicate that it corresponds to a project of a national nature, that is not eligible for funding according to guideline A(f) for utilization of PGTF resources.

113. The Committee therefore recommended that this proposal should not avail from the financing of PGTF.

Project proposal No. 12 – Study and implementation of stations for the control and follow-up of healthy and unhealthy zones for fishing and aquaculture

114. The Directorate of Aquaculture Development of Algeria submitted the proposal through the Permanent Mission of Algeria to the United Nations. No other participating countries are identified in the proposal.

115. According to the text of the proposal, the project aims at strengthening the sanitary control of pond water with a view to attaining a sustainable and environmentally respectful development of fisheries and aquaculture, thereby enabling the commercialization of these products in conformity with national and international standards. The project would provide planners and managers the elements required to better assess the impacts of human activities on land and in marine zones.

116. There is no indication of the duration of the project, the total cost of which is estimated at US$500,000. The contribution requested from PGTF amounts to US$35,000.

117. The Committee noted that both the scope and activities of the project indicate that it corresponds to a project of a national nature, that is not eligible for funding according to guideline A(f) for utilization of PGTF resources.

118. The Committee therefore recommended that this proposal should not avail from the financing of PGTF.

Project proposal No. 13 – Integration of fish farming into agriculture: utilization of irrigation reservoirs for fish breeding

119. The Directorate of Aquaculture Development of Algeria submitted the proposal through the Permanent Mission of Algeria to the United Nations. No other participating countries are identified in the proposal.

120. According to the text of the proposal, the main objective of the project is to develop fish breeding in the Saharan region with a view to contributing to the socio-economic development, as well as to the improvement and diversification of the food intake of local populations, through a higher animal protein per capita content in the daily diet. The project would lead to important results in terms of water
management, rehabilitation of irrigation basins, providing farmers with basic notions of rural aquaculture and production of fresh water fish.

121. Total cost of the project is estimated at US$ 100,000 and the contribution sought from PGTF amounts to US$ 35,000. There is no indication of the duration of the project.

122. The Committee considered that both the scope and activities of the project indicate that it corresponds to a project of a national nature, that is not eligible for funding according to guideline A(f) for utilization of PGTF resources.

123. The Committee therefore recommended that this proposal should not avail from the financing of PGTF.

Project proposal No. 14 – Information system for fisheries

124. The Directorate of Aquaculture Development of Algeria submitted the proposal through the Permanent Mission of Algeria to the United Nations. No other participating countries are identified in the proposal.

125. According to the text of proposal, the objective of the project is to develop an information system for the National Center for research and Development of Fisheries and Aquaculture of Algeria. The system would provide an observatory of fishing aimed at better understanding all components of the activity.

126. Total cost of the project, to be implemented in thirty-six (36) months, is estimated at US$ 45,000 and the contribution sought from PGTF amounts to US$ 35,000.

127. The Committee was of the view that both the scope and activities of the project indicate that it corresponds to a project of a national nature, that is not eligible for funding according to guideline A(f) for utilization of PGTF resources.

128. The Committee therefore recommended that this proposal should not avail from the financing of PGTF.

Project proposal No. 15 – Improvement of post-harvest techniques for fruit flies control

129. The Ministry of Agriculture of Sudan submitted directly the proposal. No other participating countries are identified in the proposal.

130. Sudan has a big potential in mango production for an extended period during the year, and could become a leading exporter of high-quality chemicals-free fruit to Arab and European markets. However, infections of fruit flies hamper mango production and exports and most Middle Eastern countries have ceased to import mangoes from Sudan.

131. According to the text of the proposal, the project aims at improving post-harvest handling of mangoes by introducing hot water treatment devices suitable to the Sudanese situation. To this end, the project includes (a) introduction of devices for hot water treatment; (b) characterization of the different mango cultivars to adjust treatment temperatures with different mango sizes; (c) training programmes in mango standards, operation and management of the hot water devices, and fruit flies types and symptoms; (d) workshops and seminars to build awareness on fruit flies infection and control among producers and exporters.
132. Total cost of the project, to be implemented in twenty-four (24) months, is estimated at US$235,000 and the contribution requested from PGTF amounts to US$ 35,000.

133. The Committee observed that both the scope and activities of the project indicate that it corresponds to a project of a national nature, that is not eligible for funding according to guideline A(f) for utilization of PGTF resources.

134. The Committee therefore recommended that this proposal should not avail from the financing of PGTF.

Project proposal No. 16- Regional integration and infrastructure for development on Latin America

135. The Mercosur Economic Research Network submitted directly the proposal. Participating countries would be Argentina, Brazil, Paraguay and Uruguay.

136. According to the text of the proposal, the objective of the project is to produce policy-oriented knowledge about the challenges faced by Latin America in the area of infrastructure for development and about how regional cooperation could help to meet these challenges. Specific objectives are (a) to contribute to the analysis of the main problems generated by the lack of adequate infrastructure and affecting competitiveness, as well as economic and social integration in the region; (b) to identify some investment priorities in light of the results of the preceding analysis; (c) to contribute to the design of an agenda and creation of synergies between the main stakeholders of the integration process, in order to systematically address in the future the identification of bottlenecks and priorities in the infrastructure area; and (d) to suggest specific policy initiatives for fostering investment in infrastructure in the region.

137. Total cost of the project, to be implemented in eight (8) months, is estimated at US$ 73,700 and the contribution requested from PGTF amounts to US$ 33,700. Other inputs (US$ 40,000) will be provided by the International Development Research Center (IDRC) from Canada. A breakdown of the total cost is provided below:

138. The Committee considered that this proposal complies in general with the guidelines for utilization of PGTF. The Committee therefore recommended that this proposal avail from the financing of PGTF and that US$ 31,000 be allocated to this end. This contribution should be disbursed in one single tranche.

Project proposal No. 17 – Decontamination of distillery slops by microbial protein propagation
The Cuban Institute for Research on Sugarcane by-Products (ICICDA), based in Havana, Cuba, submitted the proposal through the Permanent Mission of Cuba to the United Nations. Other participating countries would be Brazil and Nicaragua.

In a number of developing countries, the prevailing level of fossil fuels prices has encouraged the production of sugarcane-based ethanol as an attractive alternative to fossil fuels. However, one of the main drawbacks in ethanol production is the production of distillery slops when the main product is distilled, and every sugarcane ethanol-producing country is struggling with slops treatment. In this regard, microbial protein propagation has been recently proposed in light of the bio-ethanol production explosion, and as a way of converting a polluting waste into a highly demanded commodity protein.

According to the text of the proposal, the main objective of the project is to provide procedures for a significant reduction of the organic load (i.e. polluting potential) of distillery slops by the simultaneous production of microbial biomass protein for animal feeding.

Total cost of the project, to be carried out in twenty-four (24) months, is estimated at US$122,000 and the contribution sought from PGTF amounts to US$34,000. A breakdown of the total cost is as follows:

The Committee noted that this project was submitted and approved in 2008 (cf. project INT/09/K07), was cancelled because it was implemented by the established deadline of 31 December 2011 and allocated funds reverted to PGTF. The Committee was informed that the delay in launching the implementation was beyond the control of the implementing institution and agreed to consider the resubmitted proposal.

The Committee considered that this resubmitted proposal complies in general with the guidelines for utilization of PGTF. The Committee therefore recommended that this proposal avail from the financing of PGTF and that US$32,000 be allocated to this end. This contribution should be disbursed in two tranches.

**Project proposal No. 18- Evaluation of synthetic and recombinant variants of antimicrobial peptides from marine invertebrates as a source for potential antibiotics**

The Center for Pharmaceuticals Research and Development (CIDEM), based in Havana, Cuba, submitted the proposal through the Permanent Mission of Cuba to the United Nations. Other participating countries would be Ecuador and Mexico.

A lack of new antibiotics for treatment of infection diseases, together with the appearance and persistence of multidrug-resistant bacterial strains, require that new antimicrobial strategies be developed and explored. In this regard, the primary innate immune response in marine invertebrates is a robust self-defense system against invading microorganisms, warranting their survival in wild environments. In addition to the potential of new and/or more efficient interactions regarding direct killing or neutralizing...
pathogens, the interplay between immunogenicity, danger signaling and the immune modulation of marine invertebrate antimicrobial peptides (AMPs) could act in synergy with the immunity normally offered by mammalian AMP alone.

147. According to the text of the proposal, the objective of the project is the characterization of synthetic and recombinant variants of defensin-like peptides and crustins in order to study the synergic effect with traditional antibiotics used in the clinic.

148. Total cost of the project, to be implemented in twenty-four (24) months, is estimated at US$ 90,000 and the contribution requested from PGTF amounts to US$ 40,000. A breakdown of the total cost is provided in the table below:

149. The Committee considered that it was not possible to ascertain the cooperative component of the project, as required by guideline A(f) for utilization of PGTF resources, which establishes that written evidence of endorsement or declared interest should be part of the proposal. In the supporting documentation, apart from the submitting country there is only one letter of endorsement and therefore the required minimum number of three participating countries is not fulfilled.

150. The proposal is not eligible for funding and the Committee recommended that it should not avail from the financing of PGTF.

Project proposal No. 19- Small-scale demonstration project on solar energy technology and products in Kenya and Malta

151. The Gansu Natural Energy Research Institute, based in Lanzhou, China submitted the proposal through the Permanent Mission of China to the United Nations. Other participating countries would be Kenya and Malta.

152. According to the text of the proposal, the objectives of the project are (a) to speed up research and development of solar energy in Kenya and Malta; (b) to popularize the application of solar technologies and products; (c) to improve the ecological environment and the energy structure; and (d) to enhance the level of people’s life in Kenya and Malta. To this end, the project involves technical visits, identification of the appropriate small-scale solar photovoltaic and solar heating systems, installation of a number of solar cookers, large-scale solar water heating systems and solar photovoltaic systems, and organization of a closing international forum in China with the participants to gather the results of the project.

153. Total cost of the project, to be implemented in twenty-four (24) months, is estimated at US$435,000 and the contribution requested from PGTF amounts to US$35,000. A breakdown of the total cost is provided below:

154. The Committee noted that this proposal was submitted last year (cf. proposal No.12 – paragraphs 118 to 122 of the Report of the Committee at its 26th meeting in 2011). On that occasion the Committee: “…..Recalled guidelines A(a) and A(g), which establish that projects to be eligible should have a minimum of three participating developing countries. This proposal involves only two developing countries, and since the condition of minimum number of participants is not fulfilled, the project could not be considered for support from PGTF resources”.

155. Since the condition of minimum number of participants is still not fulfilled in the proposal as resubmitted, the project is not eligible for support. The Committee therefore recommended that this proposal should not avail from the financing of PGTF.

Project proposal No. 20- **Demonstration programme of refurbished rural multi-purposed small hydropower project in Asia and Latin America**

156. The International Center on Small Hydropower (ICSHP), based in Hangzhou, China submitted the proposal through the Permanent Mission of China to the United Nations. Other participating countries would be Colombia and India or Sri Lanka.

157. Small hydropower (SHP) is a potentially clean and environmentally friendly from of renewable energy which contributes significantly to poverty alleviation and economic drive, particularly in rural areas in developing countries. The future trend of global SHP development will emphasize on but not limit to refurbishment of existing hydraulic facilities and infrastructure, including reservoirs, dams, water supplying, diversion systems and even irrigation systems. By this approach, existing even abandoned hydro facilities can be upgraded and renovated into new integrated project of multipurpose facilities, including power generation, water supply as well as agricultural irrigation, and improved efficiency with a comparatively lower cost. This modality can particularly meet the demand of rural SHP development in developing countries of Asia and South America.

158. According to the text of the proposal, the project aims at helping demonstrate and promote integrated multipurpose small hydropower projects with functions of power generation, water supply and agricultural irrigation in rural areas of participating countries. To this end, the project involves (a) reconnaissance and site selection for demonstration projects; (b) feasibility studies and design reports for construction of the potential selected sites; (c) organization of two regional seminars for promoting the project; and (d) startup of demonstration projects.

159. Total cost of the project, to be implemented in twelve (12) months, is estimated at US$ 123,000 and the contribution requested from PGTF amounts to US$ 35,000. A breakdown of the total cost is as follows:
The Committee considered that this proposal complies in general with the guidelines for utilization of PGTF. The Committee therefore recommended that this proposal avail from the financing of PGTF and that US$ 33,000 be allocated to this end. This contribution should be disbursed in one single tranche.

Project proposal No. 21 - Integrated solution to drinking water safety issues in rural areas

The Promotion Association for Mountain-River-Lake Regional Sustainable Development (MRLSD), based in Jiangxi, China submitted the proposal through the Permanent Mission of China to the United Nations. Other participating countries would be India and Sri Lanka.

According to the text of the proposal, the objective of the project is to enhance the institutional capacities in drinking water safety with special emphasis on wastewater treatment. A 10-day training course and mutual experience-sharing seminar will be organized, with a view to providing participants with efficient technologies, methods and management on improving drinking water quality. The training material will be compiled by MRLSD, based on the China strategy in solving this problem, including examples for wastewater treatment with some focus on low-cost and eco-friendly methods such as constructed wetland and simple wastewater treatment at village level. Extensive field visits will be included in the training course.

Total cost of the project, to be implemented in eighteen (18) months, is estimated at US$ 70,000 and the contribution requested from PGTF amounts to US$ 35,000. A breakdown of the total cost is provided below:

Project proposal No. 22 - Technical training on small hydropower among ASEAN countries
165. The Hangzhou Regional Center (Asia-Pacific) for Small Hydropower (SH), based in Hangzhou, China submitted the proposal through the Permanent Mission of China to the United Nations. Other participating countries would be Cambodia, Indonesia, Lao People’s Democratic Republic, Thailand and Viet Nam.

166. Most of the ASEAN (Association of Southeast Asian Nations) member countries are now facing and constrained by deficiency of electrical power, and local residents in remote regions are enduring blackouts and darkness in their living environments. Small hydropower (SHP), as a proven and environmentally sound energy, represents one of the best approaches for addressing this problem.

167. According to the text of the proposal, a training course with be held in Indonesia to present the role of SHP in sustainable development of rural areas, as well as SHP planning, design, equipment selection, and operating and administrative experience, with a view to improving SHP design, construction, operational and management capability of the SHP technical and managerial personnel in ASEAN member countries. In addition to the participants from Indonesia, the training course will be attended by some 20 participants from the four other ASEAN countries involved in the project. It is expected that participants will be able to apply the knowledge gained during the training and, at the same time, transfer the knowledge to other people in their respective countries.

168. Total cost of the project, to be implemented in four (4) months, is estimated at US$70,000 and the contribution requested from PGTF amounts to US$ 35,000. A breakdown of the total cost is presented in the table below:

Project proposal No. 23- *Assessment of bamboo bioenergy development in Africa and Latin America*

170. The China National Bamboo Research Center, based in Hangzhou, China submitted the proposal through the Permanent Mission of China to the United Nations. Other participating countries would be Argentina, Rwanda and Uganda.

171. According to the text of the proposal, the project aims at assessing the bamboo bioenergy development in Africa and Latin America. Participants from governmental and non-governmental organizations will benefit from trainings, demonstrations and experience-sharing on bamboo bioenergy oriented plantation development and processing.
172. Total cost of the project, to be implemented in twelve (12) months, is estimated at US$ 97,000 and the contribution sought from PGTF amounts to US$ 35,000. A breakdown of the total cost is provided below:

173. The Committee considered that this proposal complies in general with the guidelines for utilization of PGTF. The Committee therefore recommended that this proposal avail from the financing of PGTF and that US$ 33,000 be allocated to this end. This contribution should be disbursed in one single tranche.

**Project INT/00/K08 – “Support to the Committee of Experts – Phase III”**

174. Project INT/00/K08 provides support to the work of the Committee of Experts. Allocations of US$ 30,000 in 2007, US$ 40,000 in 2008, and US$ 35,000 in 2009 were approved with a view to providing the resources to hold up to a maximum of two meetings of the Committee per year, as established in guideline B(i) for utilization of PGTF resources. This allocation was based on actual costs of the meetings of the Committee, which averaged US$ 15,000 per meeting from 1998 to 2005, but increased to US$ 18,000 in 2006, US$ 20,000 in 2007 and US$ 22,500 in 2008. In 2009 the cost per meeting was also US$ 22,500 and in 2010 it increased to US$ 25,000. In 2011, the estimated cost per meeting would be reduced to US$ 22,000 because only four of the six members would come from their capitals, but the cost would increase to US$ 25,000 in 2012 as a fifth member would come from his capital.

175. In light of the very limited resources available, in 2009 the Committee recommended that the allocation be reduced from two to one meeting per year and this practice has been followed in subsequent years. As a result, no further allocation was made to the budget of project INT/00/K08 for 2010 and the balance of funds in the project was utilized to cover costs for that year.

176. In 2010 and 2011, the Committee recommended allocating respectively US$ 30,000 and US$ 22,000 to cover the cost of one meeting each year, as well as the funds needed for dissemination and resource mobilization activities.

177. Taking into account that the estimated cost for holding one meeting in 2013 amounts to US$ 25,000 and that some US$ 10,000 would be required for dissemination and resource mobilization activities, the Committee recommended making a budget increase of project INT/00/K08 and allocating US$ 20,000 to cover expenses in 2013. The difference between this allocation and estimated costs (US$ 35,000) will be funded from the unexpended balance of the 2010 allocation (US$ 5,000) and the estimated balance of funds in the project at the end of 2012.
### SUMMARY OF PROJECT PROPOSALS RECOMMENDED FOR ADOPTION

178. In summary, the Committee recommended that the following twelve (12) new project proposals plus a budget increase for an existing project avail from the financing of PGTF and resources allocated to this end amount to US$ 405,400. A breakdown of this total is provided below:

179. According to the information provided by UNDP, uncommitted resources in 2012 amount to approximately US$ 405,571, including the projected interest earnings from 1 January to 31 December 2012. These uncommitted resources are the difference between total assets as of 24 July 2012 (US$ 7,359,906) and the core capital (US$ 6,000,000) and liabilities, which consist of the reserve for commitments to approved projects (US$ 954,335). A detailed breakdown of the financial status of PGTF is provided in Annex IV.

180. Total resources requested by the eligible proposals recommended for adoption in the table above are US$ 429,650. Since this amount is close to the resources available (i.e. US$ 405,571), the Committee was able to meet an average of 94% of the requests. In accordance with the provisions of guideline B(b) for utilization of PGTF, the allocation of resources to these projects was made on the basis of priorities derived from the specific merits of the proposals, country and regional coverage, and equitable geographical distribution.

181. The Committee stressed that, in addition to meeting 94% of the requests for support, the reserve for commitments to approved projects, which was reduced in 2011 from 100% to 97% coverage, was restored to 100% coverage in 2012 (i.e. US$ 954,335).
182. However, due to the present low level of interest earnings and the prospects that this situation might prevail in the foreseeable future, PGTF is still facing an emergency situation that may not only undermine its capacity to meaningfully support South-South cooperation but may even threaten its own sustainability. The Committee wished to stress that immediate assistance by the members of the Group of 77 to supplement interest earnings continues to be needed to enable PGTF to successfully overcome the present difficult circumstances.

IV. ASSESSMENT OF THE IMPLEMENTATION OF APPROVED PROJECTS

183. The Committee examined the status of implementation of projects adopted by the 26th to 35th Annual Meetings of Ministers for Foreign Affairs, held in New York respectively in the months of September from 2002 to 2011.

184. The following twenty (20) progress, terminal and financial reports on projects under implementation were made available to the Committee of Experts:

1. Final report and progress report submitted by the Center for Science & Technology of the Non-Aligned and Other Developing Countries (NAM S&T Center) based in India for project INT/08/K02 – “Sustainable rainwater harvesting and ground water recharge in developing countries – Human resource development and technology transfer”

2. Final report submitted by the Lancang-Mekong Sub-regional Economic Cooperation & Trade Development Center (LMEC) from China for project INT/08/K09 – “Training of agriculture administrators, technicians and farmers on sustainable development in the mountainous upland areas of the Greater Mekong sub region”

3. Final report submitted by the National Institute of Metrology, Standardization and Industrial Quality of Brazil (INMETRO) from Brazil for project INT/09/K14 – “SIM EMWG Training and Development”

5. Final report submitted by “Instituto Nacional de Estadística e Informática – INEI” (National Institute of Statistics and Informatics) from Peru for project INT/10/K07 – “Indicators system on information technologies and communications in the Andean Community (CAN)”

6. Final report submitted by the Permanent Secretariat of the Latin American Economic System (SELA) based in Venezuela for project INT/11/K03 – “Cooperation, integration and convergence in the area of health in Latin America and the Caribbean”

7. Financial statement submitted by the Office of the Chairman of the Group of 77 in New York for project INT/00/K08 – “Support to the Committee of Experts of PGTF Phase III”

8. Progress report submitted by the Tongji University from China for project INT/08/K08 – “International cooperation of higher education popularization and reformation study for developing countries”

9. Progress report submitted by the Office of Mountain-River-Lake Development Committee (MRLDO) from China for project INT/08/K10 – “Community based sustainable alternative livelihood development for lake protection”

10. Progress report submitted by the International Center on Small Hydropower (IC-SHP) from China for project INT/08/K11 – “Fee-for-service pico hydro: model for providing power to remote, low-income households”
11. Progress report submitted by the Jiangxi Association for International Economic Cooperation from China for project INT/09/K08 – “Training plan for popularizing the clean burning technology of environment protection boiler”

12. Progress report submitted by the South-South Biological Technology Center from China for project INT/09/K09 – “Promotion dairy technical and economic cooperation between China and Africa through value-added functional dairy products”

13. Progress report submitted by the Asia Pacific Edible Mushroom Training Center (APEMTC) from China for project INT/09/K10- “Regional cooperation on edible mushroom technology”

14. Progress report submitted by the China National Bamboo Center (CBRC) for project INT/09/K11 – “TCDC/ECDC facilitation e-center of bamboo”

15. Progress report submitted by the International Center on Small Hydropower (IC-SHP) from China for project INT/10/K03 – “Efficiency improving and energy saving scale-up of existing small hydropower (SHP) plants in rural areas”

16. Progress report submitted by the Biomas Institute of the Ministry of Agriculture of China (BIOMA) for project INT/10/K04 – “Application and dissemination of reinforced fiberglass biogas digester for remote and low-income households”

17. Progress report submitted by Centre International de Formation des Autorités Locales (CIFAL) from China for project INT/10/K05 – “International cooperation of e-Government promotion and exchange for developing countries”

18. Progress report submitted by Trinidad and Tobago Laboratory Accreditation Service (TTLABS) for project INT/10/K13 – “Strengthening the framework of the Caribbean laboratory accreditation scheme by training of experts”

19. Progress report submitted by the International Center on Small Hydropower (IC-SHP) from China for project INT/11/K02 – “Acceleration of small hydropower (SHP) development and carbon financing in African and Asian countries”

20. Progress report submitted by the Permanent Secretariat of the Latin American Economic System (SELA) based in Venezuela for project INT/12/K01 – “Strengthening and promotion of Latin American and the Caribbean cooperation in the area of agriculture and food security”

185. According to the status of their implementation, approved projects can be grouped into several categories:

   (a) Projects completed;
   (b) Projects under implementation;
   (c) Projects under preparation still to be implemented;
   (d) Projects cancelled and allocated funds reverted to PGTF;
   (e) Projects under query

186. Completed and cancelled projects could be considered as inactive and their main features are included as reference in Annex II.

A. Projects under implementation

187. Thirty-six (36) approved projects were being implemented as of the date of the Twenty-seventh Meeting of the Committee of Experts. This total is the result of thirty-five (35) projects that were under implementation during the period between the twenty-sixth and twenty-seventh meetings of the Committee, plus ten (10) that started being implemented during this period, minus six (6) that were
completed or closed, minus three (3) that were cancelled. Detailed information on the status of these projects is provided below:

(--) **Support to the Committee of Experts of PGTF (Phase III)**

188. **Submitter:** Office of the Chairman of the Group of 77 in New York  
**PGTF input:** US$111,236  
**Other inputs:** Nil  
**Number:** INT/00/K08  
**Duration:** Four years  
**Approval:** 14th Annual Ministerial Meeting of the Group of 77 (New York, 3 October 1990)  
**Date of signature of relevant documents:** The project document was signed by the Chairman of the Group of 77 on 20 June 2001 and by the UNDP on 7 June 2001

189. This project corresponds to a continuation of project INT/90/K08, and allocated funds come from the re-allocation of the remaining balance of project INT/90/K08 approved in October 1990 (US$101,236) plus a budget increase of US$10,000 approved in September 1999. As such, it should not be counted as an additional new project in the follow-up of the implementation of approved projects.

190. A request for disbursement of US$20,480 to cover expenses related to the holding of the Sixteenth Meeting of the Committee of Experts of PGTF was made by the Chairman of the Group of 77 on 22 June 2001. Funds were received on 29 June 2001. The Office of the Chairman submitted a financial statement on 28 December 2001.

191. A request for disbursement of US$20,480 to cover expenses related to the holding of the Seventeenth Meeting of the Committee of Experts of PGTF was made by the Chairman of the Group of 77 on 10 May 2002. Funds were received on 16 July 2002. The Office of the Chairman submitted a financial statement on 13 December 2002.

192. The Office of the Chairman requested on 12 December 2002 a disbursement of US$22,700 to cover expenses related to the holding of the First Special Meeting of the Committee of Experts. Funds were received on 11 March 2003. The Office of the Chairman submitted a financial statement on 27 December 2003.

193. On 6 April 2004, the Office of the Chairman requested a disbursement of US$22,700 to cover expenses related to the holding of the Nineteenth Meeting of the Committee of Experts of PGTF. Funds were received on 6 July 2004. The Office of the Chairman submitted a financial statement on 22 December 2004.

194. On 5 July 2005, the Office of the Chairman requested a disbursement of US$22,700 to cover expenses related to the holding of the Twentieth Meeting of the Committee of Experts of PGTF. (1) **Caribbean Postgraduate Center**

201. **Submitter:** Universidad de Oriente (East University) from Cuba  
**Subcontractor:** same as above  
**Priority area:** Technical cooperation among developing countries  
**Participating/beneficiary countries:** 3 countries (Cuba, Dominican Republic, and Mexico)  
**PGTF input:** US$25,000  
**Other inputs:** US$111,500  
**Number:** INT/03/K10  
**Duration:** Two (2) years  
**Approval:** 26th Annual Ministerial Meeting of the Group of 77 (New York, 19 September 2002)  
**Date of signature of relevant documents:** The project document was signed by the Government of Cuba on 25 February 2005 and by the UNDP on 8 March 2005

202. On 14 October 2003, the UNDP sent to the country office in Cuba the project document as well as an authorization for disbursement to the sub-contractor of US$22,500 (90% of allocated resources).

203. The ASL (Approved Spending Limit) for disbursement of funds was established on 18 March 2005. A request for a progress report was sent by the UNDP on 22 May 2006 and a reminder was sent on 9 May 2007. The Committee requested the UNDP to follow up on this matter.

204. A new request for information was sent by the UNDP on 11 July 2008 and no reply has been received so far. In addition to the foregoing follow up effort, the Committee recommended to seek the assistance of the Permanent Mission of Cuba to the United Nations and to this end requested that copies of the relevant communication be sent to the Permanent Mission.

205. On 14 July 2010 the sub-contractor informed that project activities have been completed and that the final substantive and financial reports would be submitted in December 2010.
(2) **Development and strengthening of mechanisms for solving conflicts on shared natural resources in the Karamajong ecosystem in East Africa**

206. **Submitter:** UNCCD Secretariat on behalf of the governments of Kenya, Sudan and Uganda, as participating countries  
**Subcontractor:** African Union – IBAR (Inter-African Bureau for Animal Resources), based in Nairobi, Kenya  
**Priority area:** Food and Agriculture  
**Participating/beneficiary countries:** 3 countries (Kenya, Sudan and Uganda)  
**PGTF input:** US$25,000  
**Other inputs:** US$25,000 (in-kind)  
**Number:** INT/04/K08  
**Duration:** One year  
**Approval:** 27th Annual Ministerial Meeting of the Group of 77 (New York, 25 September 2003)  
**Date of signature of relevant documents:** The project document was signed by the Government of Kenya on 20 May 2005 and by the UNDP on 16 June 2005

207. On 21 April 2005, the UNDP sent to the country office in Kenya the project document for signature as well as an authorization for disbursement to the sub-contractor of US$22,500 (90% of allocated resources). The authorization indicated that disbursement should be made in a single tranche.

208. The Office of the Chairman observed that in the project document the contribution of other sources had been reduced to US$ 15,000 from the original US$ 25,000, and therefore it would be lower than the amount allocated from PGTF resources. Since this does not comply with the guidelines, the Office requested the UNDP to revise the document with the sub-contractor so as to ensure compliance. The sub-contractor submitted several revisions but there were still some inconsistencies that need to be solved before reauthorizing disbursement of funds.

209. On 25 July 2007, the subcontractor submitted a revised budget to UNDP, with the amendments required to ensure compliance with PGTF guidelines.

**Date of signature of relevant documents:** The project document was signed by the Government of Peru on 20 December 2005 and by the UNDP on 21 December 2005
212. On 13 April 2005, the UNDP sent to the country office in Peru the project document for signature as well as an authorization for disbursement to the sub-contractor of US$31,500 (90% of allocated resources). The authorization indicated that disbursement should be made in two tranches.

213. In March 2006 an ASL (Approved Spending Limit) for disbursement of funds was established and on 22 May 2006 the UNDP sent a request for a progress report to the sub-contractor.

215. The sub-contractor submitted a progress report on 17 June 2011. According to the report, progress of the project is 30% but activities have been suspended since the end of 2008, when the agreement between the Government of Peru and the sub-contractor expired.

216. On 25 June 2012 the country office informed that the project had been non-responsive for almost two years and that the cooperation agreement, which took almost a year to be signed, was once again not valid. Since it seems unlikely that implementation of the project would be resumed, the Committee recommended to terminate the project by 31 December 2012 and to notify the sub-contractor accordingly. Given that total disbursements for this project amount to US$ 9,698, the unspent balance of US$ 25,302 should be reverted to PGTF.

Reason: The project was not implemented by the established deadline of 31 December 2003.

(19) Reviving Low Cost Mud Adobe House for Poor Urban and Rural Communities
Submitter: Royal Scientific Society from Jordan
Priority area: Technical cooperation among developing countries
PGTF input: US$40,000
Number: INT/03/K12
Duration: Three (3) years
Reason: The project was not implemented by the established deadline of 31 December 2004.

(20) Technical studies for the improvement of the In-Guezam (Algeria)-Arlit (Niger) section of the trans-Saharan road
Submitter: Ministry of Public Works of Algeria
Subcontractor: SAETI, an engineering company SAETI from Algeria in association with the company Art et Genie from Niger
Priority area: Technical cooperation among developing countries
PGTF input: US$35,000
Number: INT/05/K07
Duration: One year
Cancellation decision: 35th Annual Ministerial Meeting of the G-77 (New York, 23 September 2011)
Reason: The project was not implemented by the established deadline of 31 July 2011

(21) Development and integration of the International Offices of the Ministries of health of South America
Submitter: Government of Brazil
Priority area: Technical cooperation among developing countries
PGTF input: US$18,200
Number: INT/05/K08
Duration: Four (4) months
Reason: The project was not implemented by the established deadline of 31 December 2007.

(22) Extension course on Technological Innovation Management
Submitter: The Brazilian Association of Technological Research Institutions (ABIPTI), based in Brasilia, Brazil
Priority area: Technology
PGTF input: US$24,500
Number: INT/05/K09
Duration: Twelve (12) months
Reason: The project was not implemented by the established deadline of 31 December 2007.

(23) Deployment of information retrieval systems towards Mercosur integration on WTO information related to technical barriers to trade
Submitter: National Institute on Metrology, Standardization and Industrial Quality (INMETRO), from Brazil
Subcontractor: Instituto Stela, an NGO based in Brazil
Priority area: Trade
PGTF input: US$ 30,000
Number: INT/07/K02
Duration: Seventeen (17) months
Cancellation decision: 35th Annual Ministerial Meeting of the G-77 (New York, 22 September 2011)
Reason: The project was not implemented by the established deadline of 31 December 2011
(24) **Training on the development and application of natural high-priced substances in developing countries**

Submitter: National Coordinating Committee for UNDP of the Democratic People’s Republic of Korea  
Subcontractor: same as above  
Priority area: Technical cooperation among developing countries  
PGTF input: US$ 36,000  
Number: INT/08/K01  
Duration: Twelve (12) months  
Cancellation decision: 34th Annual Ministerial Meeting of the G-77 (New York, 28 September 2010)  
Reason: The project was not implemented by the established deadline of 30 June 2011

(25) **Decontamination of distillery slops by microbial protein propagation (DDS/MPP)**

Submitter: Cuban Institute for Research on Sugar Cane by-Products (ICIDCA), based in Havana, Cuba  
Subcontractor: same as above  
PGTF input: US$ 34,000  
Number: INT/09/K07  
Duration: Twelve (12) months  
Approval: 32nd Annual Ministerial Meeting of the G-77 (New York, 26 September 2008)  
Cancellation decision: 35th Annual Ministerial Meeting of the G-77 (New York, 23 September 2011)  
Reason: The project was not implemented by the established deadline of 31 December 2011

(26) **Improvement in the quality of postal network of the Andean countries**

Submitter: Postal Union of the Americas, Spain and Portugal (PUASP), based in Montevideo, Uruguay  
Subcontractor: same as above  
Priority area: Technical cooperation among developing countries  
PGTF input: US$ 19,000  
Number: INT/09/K12  
Duration: Four (4) months  
Approval: 32nd Annual Ministerial Meeting of the G-77 (New York, 26 September 2008)  
Cancellation decision: 35th Annual Ministerial Meeting of the G-77 (New York, 23 September 2011)  
Reason: The country office in Uruguay confirmed on 13 July 2012 that the project had been inactive for more than two years and was financial closed. Funds disbursed in 2009 were reimbursed in 2010

(27) **Market analysis and feasibility of establishing a competitive anthurium industry in the Caribbean**

Submitter: Caribbean Community (CARICOM) Secretariat, based in Georgetown, Guyana  
Subcontractor: same as above  
Priority area: Food and agriculture  
PGTF input: US$ 34,000  
Number: INT/09/K13  
Duration: Eight (8) months  
Approval: 32nd Annual Ministerial Meeting of the Group of 77 (New York, 26 September 2008)  
Cancellation decision: 35th Annual Ministerial Meeting of the G-77 (New York, 23 September 2011)  
Reason: The project was not implemented by the established deadline of 31 July 2011
Annex III

SURVEY OF THE IMPACT OF PGTF

The Committee recommended at its twelfth meeting in 1997 to carry out a survey of the impact and benefits of the projects funded by the PGTF with a view to supporting the promotion of the Fund. So far, the Office of the Chairman has received information on 106 of the 156 PGTF-supported projects that have been completed. Further reports are expected so as to be able to prepare a comprehensive assessment of the impact of PGTF since the launching of its operations in 1986. A brief summary for each completed project is provided below:

(1-3)  **Group of 77 Information Bulletin; and ECDC/TCDC Information support to the Group of 77 Chapters**

Number: INT/88/K01; INT/93/K02 and INT/95/K03
PGTF input (US$): 109,520; 51,120; and 75,120 respectively
Other inputs (US$): 68,400; 45,600; and 45,600 respectively
Impact: Established an important communication link between the various G-77 chapters. It also helped to disseminate the views of the G-77 to a wider audience.

(4)  **Technical Co-operation among SELA member States in artificial insemination and embryo transplants**

Number: INT/89/K03
PGTF input (US$): 83,700
Other inputs (US$): 202,000
Date of implementation: 1989-1993
Impact: The project created a network of institutions that introduced or improved artificial insemination and embryo transplant procedures. Outstanding results have been achieved in Cuba, Chile, Uruguay and Brazil. Development of these biotechnologies in the region is significant and their use is an everyday occurrence today.

(5)  **Export promotion and cooperation in favor of less developed countries within the Latin American Integration Association (ALADI)**

Number: INT/89/K05
PGTF input (US$): 120,000
Other inputs (US$): 107,971
Date of implementation: 1991-1992
Impact: Additional exports of US$3 million through support to 80 small and medium size enterprises and implementation of 33 export promotion activities, benefiting directly and indirectly over 4,200 workers

(6)  **Establishment of a Maghreb Unit in the National Center for Information and Economic Documentation (CNIDE) of Algeria**

Number: INT/89/K06
PGTF input (US$): US$65,450
Other inputs (US$): Nil
Date of implementation: 1990-1993
Impact: Between 1993 and 1996 certain databases were established. However, their impact was limited due to obsolescence of acquired material and difficulties in collecting data and bringing together the heads of information centers of Maghreb countries. In 1996 the implementing agency was dissolved and its assets transferred to the Algerian Bureau for Foreign Trade Promotion (PROMEX).
(7) **Regional program for cooperation and concerted action in the area of plant germ plasm**

Number: INT/89/K12  
PGTF input (US$): 58,000  
Other inputs (US$): 309,200  
Date of implementation: 1991-1997  
**Impact:** Publication of a book on biodiversity containing all the findings and innovative elements related to the germ plasm issue.

(8-9) **South-North Development Monitor (SUNS); and Information Support to the Group of 77 Chapters (SUNS)**

Number: INT/89/K13 and INT/93/K03  
PGTF input (US$): 120,000 and 59,881 respectively  
Other inputs (US$): 164,000 and 158,517 respectively  
**Impact:** Supported publication of SUNS during 24 months (over 400 issues). SUNS issues have since been made available by fax to the G-77 missions in New York.

(10) **Assistance to the Fifth Meeting of the Committee of Experts of the Perez-Guerrero Trust Fund**

Number: INT/89/K14  
PGTF input (US$): 25,000  
Other inputs (US$): Nil  
Date of implementation: 1990-1992  
**Impact:** Following a decision by the Group of 77 to fund the participation of the members of the Committee of Experts at its meetings, this project ensured participation of Committee members by covering travel, subsistence and terminal expenses for the Fifth Meeting (1990), Sixth Meeting (1991) and partially the Seventh Meeting in 1992.

(11) **In-depth review of the actions taken by the international community in favor of the particular needs and problems of the land-locked developing countries and a basis for new strategy to overcome these needs and problems in the future**

Number: INT/90/K03  
PGTF input (US$): 95,000  
Other inputs (US$): 23,800  
Date of implementation: 1991-1995  
**Impact:** Inventory of a large number of studies and projects served as a basis for recommending a coordinated action. In particular it is recommended that a high level office be created with a view to coordinating joint efforts of the land-locked counties at the international level, in particular those related to international trade.

(12) **Regional symposium on the economic and social impact of money derived from illicit drug trafficking in the development of Latin America and the Caribbean**

Number: INT/90/K04  
PGTF input (US$): 78,000  
Other inputs (US$): 103,000  
Date of implementation: 1991  
**Impact:** Publication of a book containing the conclusions of the symposium which aimed mainly at an integrated approach to the problem including both producing and consumer countries, with solutions ranging from eradication to crop substitution.
(13) **Organic rice farming**

Number: INT/90/K06  
PGTF input (US$): 85,000  
Other inputs (US$): nil  
Date of implementation: 1991-1997  
Impact: The study has provided information on the characteristics of various organic matter sources when used for organic rice farming. It also provided information for both up scaling the project to the pilot level, and enabling farmers to further exploit these techniques.

(14-16) **Technical, secretariat and other support to the GSTP, and technical assistance to countries participating in the GSTP (First Round); and Technical assistance to the members of the G-77 participating in the Second Round of negotiations within the GSTP and seeking membership in the GSTP, as well as related technical, secretariat and other support to the GSTP**

Number: INT/90/K07 and INT/92/K03 (First Round), and INT/94/K02 (Second Round)  
PGTF input (US$): 350,000 and 250,000; and 72,363 respectively  
Other inputs (US$): Nil  
Impact: First round led to launching of the agreement, with 43 member countries and negotiations on 1,700 tariff lines. Second round enabled accession of 8 additional member countries and a sub-regional grouping, with consolidated list of concessions covering 700 tariff lines.

(17) **Establishment of the Regional Bureau and Trade Information Network for Chamber of Commerce & Industry (CCI) of Developing Countries Members of the Group of 77**

Number: INT/91/K01  
PGTF input (US$): 150,000  
Other inputs (US$): 270,000  
Date of implementation: 1991-1994  
Impact: Sixty chambers of commerce participated in the pilot project. They were assisted in formulating a plan of action for their respective centers. In addition, Web pages were created for this pilot group.

(18) **Economic Integration in the Southern Cone Common Market**

Number: INT/92/K01  
PGTF input (US$): 88,000  
Other inputs (US$): Nil  
Date of implementation: 1992-1994  
Impact: Greatly facilitated the negotiations of the sub-regional integration scheme that led to the emergence of a customs union known as Mercosur. The studies were widely circulated in the region and a large number of experts, academics and policy makers benefited from them.

(19) **Development and use of a computer simulation model for supply, demand and prices of agricultural commodities in ASEAN countries**

Number: INT/92/K04  
PGTF input (US$): 81,600  
Other inputs (US$): Nil  
Date of implementation: 1993-1994  
Impact: Improved the skills of the participants in forecasting trends in export agricultural commodities. Some of the participants were able to set-up national training programs on computer simulation models.

(20-21) **African Agency for Biotechnology**
Number: INT/92/K06 (Phase I) and INT/93/K01 (Phase II)
PGTF input (US$): 150,000 and 150,000
Other inputs (US$): Nil
Date of implementation: 1993-2000 and 1994-2000 respectively
Impact: Provided seed money for the setting up of the Agency. Financed 16 country studies (one for each member state), as well as acquisition of equipment and setting up of the operating structures of the Agency. Current regular budget activities financed by member country contributions and funds from regional development banks.

(22) **Guidelines and tools of a common industrial policy for Mercosur**

Number: INT/93/K05
PGTF input (US$): 120,000
Other inputs (US$): 36,000
Date of implementation: 1994-1997
Impact: Provided important inputs for the analysis of the costs and benefits of the implementation of common industrial policies among Mercosur member countries. It also proposed guidelines for the harmonization of the industrial policies among Mercosur countries.

(23) **Feasibility study for a sub regional center for agricultural machinery in the CEPGL sub region**

Number: INT/93/K07
PGTF input (US$): US$43,000
Other inputs (US$): US$15,200
Date of implementation: 1996-1999
Impact: Provided decision-makers in the sub region with recommendations aimed at designing and adopting common agricultural policies. In particular, by identifying shortcomings in national policies that resulted in the disappearance of all national centers for agricultural machinery, and by defining the main features of the sub regional center, conceived as a center of excellence and a common endeavor of the member countries.

(24) **Employment and income generation in West and Central Africa**

Number: INT/94/K05
PGTF input (US$): 30,000
Other inputs (US$): 67,000
Date of implementation: 1995-1998
Impact: Eleven (11) projects were launched in Benin, Burkina Faso and Togo providing income for 5,000 people and protecting natural resources.

(25) **Productive Internationalization in MERCOSUR: Foreign direct investment (FDI) and regional transnational corporations**

Number: INT/95/K02
PGTF input (US$): 140,000
Other inputs (US$): 42,200
Date of implementation: 1996-1997
Impact: The study provided a clear and objective understanding of the role that FDI is playing in the integration process of the region. Extracts from the study were reproduced as discussion papers in technical and policy level meetings in the Mercosur. However, its actual impact on FDI policies needs further clarification.

(26) **Caribbean Regional Technical Support Programme to Promote the Equalization of Training and Employment Opportunities for Persons with Disabilities**

Number: INT/96/K02
Training of Personnel in the Field of Standardization and Meteorology for the Conformity Assessment among Developing Countries

Number: INT/96/K03
PGTF input (US$): US$76,500
Other inputs (US$): US$160,000
Date of implementation: 1997-1998
Impact: Training of technicians from the participating countries (Bangladesh, Cambodia, Laos and Nepal) that would establish the infrastructure of standards, metrology and quality in their countries. Provision of methodological guidelines for conformity assessment using ISO 9000 and ISO 14000, and calibration guidelines needed for establishing a unified system of metrological calibration.

South-South Transfer of Experiences in Sustainable Agricultural Development

Number: INT/96/K05
PGTF input (US$): 84,000
Other inputs (US$): 93,000
Date of implementation: 1998-2001
Impact: Collection of information on 65 agricultural and rural development projects in seventeen countries in Latin America and the Caribbean. Preparation of 30 project summaries and 10 case studies. Publication of 11 issues of a newsletter in English and Spanish.

Biological Control of Pests and Weeds for Sustainable Agriculture and Bio-diversity

Number: INT/97/K02
PGTF input (US$): US$25,000
Other inputs (US$): US$25,000
Date of implementation: 1999-2002
Impact: Collection of information on crops, pests and weeds, bio-control programmes and integrated pest management from 13 participating countries. Convening of a workshop with 10 participating countries and 21 resource persons to exchange experiences on bio-control programmes. Identification of common problems and areas for training. Four training programmes completed as of end April 2002.

Integrated Planning and New Technologies for Sustainable Development

Number: INT/97/K03
PGTF input (US$): US$37,560
Other inputs (US$): US$41,720
Date of implementation: 1999-2001
Impact: Substantial progress in adopting an integrated approach in water resources planning, in particular in Barbados, Jamaica, St. Lucia, and Trinidad and Tobago. Obstacles encountered in integrating science and technology into overall national development plans, some progress in Jamaica and Trinidad and Tobago, not seen as a priority in the least developed Caribbean countries.

Training of rice breeding experts for the effective use of rice genetic resources in the developing countries

Number: INT/98/K03
PGTF input (US$): US$100,000
Other inputs (US$): US$146,500
Date of implementation: 1999-2000
Impact: On the basis of the findings of a mission from DPR Korea to the participating countries (Ethiopia, Guinea, Mali and Nigeria), 14 experts from these countries were trained on rice breeding. Main results were country-specific guidelines for evaluation, selection and seed production of rice genetic resources; improved rice breeding systems suited to the various agro-ecological zones; and rice breeding with enhanced disease resistance.

(32)  **Training, consultation, awareness building for small hydropower in developing countries**

Number: INT/98/K06  
PGTF input (US$): 150,000  
Other inputs (US$): 330,300  
Date of implementation: 1999-2001
Impact: Five training seminars in four developing countries. Consultation missions to seven countries to carry out feasibility studies. Publication of two training texts. Research and compilation of three surveys and a standards study. Initial funding for an international center for small hydropower through a trust fund administered by UNIDO.

(33)  **International Youth Leadership Training for Promotion of South-South Cooperation**

Number: INT/98/K07  
PGTF input (US$): 20,000  
Other inputs (US$): 171,695  
Date of implementation: 1999-2000
Impact: Holding of a study and training conference for 70 youth leaders from 16 countries.

(34)  **Master Plan for the sustainable development of transportation and related infrastructure in South America**

Number: INT/98/K08  
PGTF input: US$50,000  
Other inputs: US$413,000  
Date of implementation: 1999-2001
Impact: It identified the main trade flows and the supply of transportation services in the region. This will facilitate the enhancement of these services and their infrastructure, as well as their regional production competitiveness.

(35)  **Technology linkage through sharing and cooperation among developing countries**

Number: INT/98/K10  
PGTF input: US$100,000  
Other inputs: US$150,000  
Date of implementation: 1999-2003
Impact: A network was established for technology sharing and cooperation among technology developers, innovators, R&D institutions and technology enablers in government and non-government organizations as well as the private sector. Participants in an interregional workshop defined the most effective mechanism for technology transfer and information and evaluating the effectiveness of the technologies transferred and the methodology employed.

(36)  **Establishment of a kit for the diagnosis of the Chagas disease**

Number: INT/98/K18  
PGTF input (US$): 35,000  
Other inputs (US$): 705,000  
Date of implementation: 1999-2000
Impact: Development of two new highly selective and specific antigens for the diagnosis of the disease that would be the basis for preparing very low-cost kits, which could compete favorably in the market.

(37) Technical assistance based on the regional approach in the field of standardization, metrology and quality control among developing countries

Number: INT/99/K02
PGTF input (US$): 25,000
Other inputs (US$): 73,667
Date of implementation: 2000
Impact: Training of officers from Laos, Cambodia, Nepal and Bangladesh in the establishment of their own national systems of standards and metrology.

(38) Transportation information system (TIS) for the member countries of the Latin American Integration Association (ALADI)

Number: INT/99/K03
PGTF input (US$): US$37,000
Other inputs (US$): US$113,800
Date of implementation: 2000-2001
Impact: Information system (SIT-A) installed in the Web page of ALADI. Contains information on regulatory and operating issues, as well as on physical infrastructure and related services. Covers air, road, rail, river and maritime transportation. Design is modular and user friendly and meets a sustained demand from the public, private and academic sectors of the region. ALADI is further developing the system.

(39) Pacific islands regional biomass energy resource assessment programme (PIRBERAP)

Number: INT/99/K05
PGTF input (US$): US$34,000
Other inputs (US$): US$166,000
Date of implementation: 2001-2004
Impact: Country nationals from the six Pacific Island Countries (Fiji, Kiribati, Samoa, Tonga, Tuvalu and Vanuatu) were trained in biomass assessment techniques and methodologies with a focus on identifying and quantifying the biomass energy resources in each of those countries, resulting in greater awareness of and a renewed interest in biomass as a potential energy source.

(40) Programme for regional technical cooperation in the field of integration in Mercosur member countries

Number: INT/00/K01
PGTF input: US$40,000
Other inputs: US$54,000
Duration: One year
Date of implementation: 2001
Impact: Publication of a book with experts’ views and research on assessment and perspectives of Mercosur in its first decade. Dissemination activities for policy-makers aimed at reinforcing integration and cooperation within Mercosur.

(41) Sustainable Management of Agro forest resources in Amazon Border Areas of Brazil, Colombia and Peru

Number: INT/00/K03
PGTF input: US$45,000
Other inputs: US$75,000
Duration: One year
Date of implementation: 2001-2004
Impact: Identified opportunities for cooperation in the Amazon border areas aimed at facilitating the rational and sustainable utilization of shared forest resources through research, promotion and development of agroforest systems in the Amazon border areas.

(42)  
**Training of Irrigation and Drainage Designers for Undertaking Development of Water Resources in Developing Countries in Asia**

<table>

<td>2001-2002</td>
</tr>
</tbody>
</table>

Impact: A mission from DPR Korea visited each participating country (Bangladesh, Cambodia, Laos and Nepal) and collected field data on irrigation and drainage. Based on this assessment, a training workshop was held with the participation of two engineers from each country, in the areas of irrigation and drainage systems planning, technical bases for building the systems, investment estimates, and flood damage prevention.

(43)  
**Cooperation for Development and Application of Biological Farming Method among Developing Countries in Asia**

<table>

<td>2001-2002</td>
</tr>
</tbody>
</table>

Impact: 29 experts from the participating countries (Cambodia, Laos, Nepal and Vietnam) were trained on biological farming. Main results were the analysis of the current situation in each country, guidelines for developing biological resources and implementing country-specific biological farming methods; provision of bio-fertilizers and agricultural bio-medicines, on the basis of research and trials in various points of each country; and a system for sharing information experiences was established.

(44)  
**Assessment and study of the residual effect of pesticides utilization on crop products and flowers in Latin America**

<table>

Impact: Field sampling studies were conducted and samples collection taken in representative areas in Colombia to assess pesticide residues in crop products to evaluate the food quality and safety and environmental impact. In most of the samples (96.4%) residues were below the Maximum Residue Limits (MRLs). Three samples (4.6%) were contaminated with pesticides residues that exceeded the MRLs, which were attributed to the inappropriate or excessive use of pesticides.

(45)

<td>2001-2003</td>
</tr>
</tbody>
</table>

Impact: An information network among Colombia, Ecuador and Peru was established to monitor and exchange information about the potato Guatemalan moth. International workshops were held with the participation of national specialists concerned with this pest, which facilitated contacts and the integrated development of sub regional initiatives against the Guatemalan moth. Success was reported in Peru continuing to maintain its status as a country free of this pest.

(46)  
**Quinoa, a multipurpose crop for agro-industrial uses in the Andean countries**
Number: INT/01/K01
PGTF input (US$): US$74,900
Other inputs (US$): US$89,800
Date of implementation: 2002-2004
Impact: 30 varieties of Quinoa seeds were cultivated under different crop conditions in Bolivia, Colombia and Peru. The most adaptable and productive seeds were identified and their respective profitability in the areas of production, agro industrial processing and marketing was assessed.

(47) Improving Awassi Sheep Productivity by using frozen semen in Jordan and the Palestinian Authority

Number: INT/01/K02
PGTF input: US$110,000
Other inputs: US$260,000
Date of implementation: 2002-2006
Impact: Increased the productive potential of genetically improved Awassi sheep in the region through the use of frozen and fresh semen obtained from disease-free proven sires.

(48) Watershed Management in the Northern Badia Region as an example for desert regions

Number: INT/01/K03
PGTF input: US$75,000
Other inputs: US$142,720
Date of implementation: 2002-2007
Impact: Improved management of the surface water resources of the Badia region could be achieved through the use of modern and advanced modeling techniques.

(49) Distributed Modeling of Pipeline Networks

Number: INT/01/K05
PGTF input (US$): US$80,000
Other inputs (US$): US$80,000
Date of implementation: 2002-2003
Impact: Initial work was performed on the design and evaluation of a concurrent system for modeling pipe networks using linear algebraic methods based on cluster computing that could offer a low-cost and high-speed alternative to traditional and expensive solutions based on massively parallel processing systems. The modeling of complex and large dynamic pipe networks poses a major challenge to be addressed.

(50) Technical assistance and support to the relative less advanced stage of economic development countries in business missions

Number: INT/01/K06
PGTF input (US$): US$17,500
Other inputs (US$): US$75,300
Date of implementation: 2002-2005
Impact: Three business missions of businessmen from Bolivia, Ecuador and Paraguay to other Latin American countries were conducted and market studies were published on business opportunities aimed at improving exports of products from these countries.

(51) Training of Maize breeding experts for effective use of maize germplasm in Africa

Number: INT/02/K01
PGTF input (US$): US$81,200
Other inputs (US$): US$159,100
Date of implementation: 2002-2003
Impact: A training course was successfully completed by 11 trainees on the breeding of high-yield maize varieties resistant to unfavorable climate conditions through which information was exchanged on maize breeding and seed selection work done in the participating countries, namely Ethiopia, the Democratic People’s Republic of Korea, the Democratic Republic of the Congo, Guinea and Mali.

(52) **Support to the Coordinating Secretariat of the Zambia-Malawi-Mozambique Growth Triangle for the Implementation of the ZMM-GT**

**Number:** INT/03/K01  
**PGTF input (US$):** 70,000  
**Other inputs (US$):** 95,000  
**Date of implementation:** 2004-2009  
**Impact:** Strengthened the capacity of the Coordinating Secretariat to identify commercial and investment opportunities through public-private sector partnerships as well as to produce and disseminate information on the ZMM-GT and its stakeholders. Challenges faced in development partnership building and resource mobilization for the promotion of regional cooperation and economic integration in Africa through the ZMM-GT were also identified.

(53) **Cooperation in promoting an Andean Fair Competition System (SICCLA)**

**Number:** INT/03/K02  
**PGTF input:** US$20,000  
**Other inputs:** US$32,750  
**Date of implementation:** 2003-2004  
**Impact:** Establishment of a portal promoted the sharing of information and experiences in the cattle-leather-footwear and manufactures production chain among Colombia, Ecuador and Peru, which strengthened their efforts to combat unfair competition practices.

(54) **Indicators System on Information and Communication Technology**

**Number:** INT/03/K03  
**PGTF input (US$):** US$25,000  
**Other inputs (US$):** US$50,000  
**Date of implementation:** 2003  
**Impact:** A framework to facilitate the identification and formulation of indicators and statistics on information and communication technologies (ICT) was proposed, which member countries of the Statistics Conference of the Americas (SCA) could incorporate in their national statistics plans.

(55) **Prevention in Peru and Control Programme in Bolivia and Brazil against Anthonomus Grandis Boheman “The Mexican Cotton Boll Weevil”**

**Number:** INT/03/K04  
**PGTF input (US$):** 25,000  
**Other inputs (US$):** 25,000  
**Date of implementation:** 2004-2008  
**Impact:** Preventive monitoring of the Mexican cotton boll weevil was strengthened through the establishment and maintenance of a trapping network on strategic points within the national territories of Bolivia, Brazil and Peru.

(56) **Regional technical cooperation programme: support to economic research in Mercosur**

**Number:** INT/03/K05  
**PGTF input:** US$25,000  
**Other inputs:** US$369,000  
**Date of implementation:** 2003-2004
Impact: A two-day regional forum was organized, attended by more than 300 participants (government officials, leading negotiators, scholars, experts, businessmen and civil society representatives). The forum provided a venue for presentation and discussion of results of the latest studies completed during 2001-2003 on regional macroeconomic cooperation and creation of a monetary institute; common trade policies and enhancement of the regional market; competitiveness, foreign investment and productive complementarities. As a result of the forum, proposals and recommendations were prepared and addressed to governments and civil society for furthering the process of regional integration.

(57) **Negotiating Trade in Services: Implications for the Andean Community of Nations**

Number: INT/03/K06  
PGTF input (US$): 20,000  
Other inputs (US$): 71,000  
Date of implementation: 2003-2005  
Impact: Two research reports were published dealing with international trade in professional services and the integration of the Andean countries and on trade services negotiations and investments. Networking of scholars and negotiators was accomplished in order to make the research closer and relevant to policy needs.

(58) **Territorial imbalances and university education: impact of territorial imbalances on university students’ performance**

Number: INT/03/K07  
PGTF input (US$): US$20,000  
Other inputs (US$): 144,400  
Date of implementation: 2003-2004  
Impact: Three country studies carried out in Argentina, Brazil and Peru proved that the proclaimed goal of equality of opportunities is far from being achieved. University education results, in terms of both qualitative and quantitative indicators are heavily dependent on personal and regional characteristics of students (socio-economic background, family income, and level of economic resources where they live). Results were published in a book widely distributed to public and private libraries, policy-makers in central and local governments, congress members, and authorities and researchers in public and private universities and other institutions. Administrative and academic institutions in the three countries now have the data, analyses and recommendations to make the right decisions regarding university education policies.

(59) **Training, Consultation and Awareness Building for Small Hydropower in Developing Countries**

Number: INT/03/K08  
PGTF input (US$): 40,000  
Other inputs (US$): 117,400  
Date of implementation: 2003-2004  
Impact: A two-week training course for 31 participants from Sri Lanka, Bangladesh and India was conducted in India followed by a field visit to China which allowed for the exchange of information/technical know-how/expertise in small hydropower (SHP); facilitated common understanding of further SHP cooperation approaches and strategies; explored opportunities for SHP technology transfer; and made recommendations for SHP cooperation among developing countries.

(60) **Increase in sugar production by microbiological inhibition of the Leuconostoc spp. and other bacteria**

Number: INT/03/K09  
PGTF input (US$): 25,000  
Other inputs (US$): 30,000  
Date of implementation: 2003-2004  
Impact: An inhibitor was found to have superior effects over commercial disinfection products commonly used for microbial inhibition of sugar cane losses in the sugar production process.
(61)  **Strengthening South-South Africa/Asia/Latin America and the Caribbean Cooperation for Economic and Social Integration**

Number: INT/03/K14  
PGTF input (US$): 40,000  
Other inputs (US$): 92,000  
Date of implementation: 2007  
Impact: Officials in charge of international cooperation from participating developing countries exchanged experiences on coordination and cooperative actions, with emphasis in the area of natural disaster risk reduction, and participated in a workshop that examined the needs and challenges facing international cooperation from a Latin American and Caribbean perspective.

(62)  **Information network to promote strategies of socio-economic development in South American camelids of Andean Countries**

Number: INT/04/K02  
PGTF input: US$25,000  
Other inputs: US$44,200  
Date of implementation: 2004-2006  
Impact: Identified and linked up 315 institutions from Argentina, Bolivia, Ecuador and Peru involved in the management of South American camelids (SACs) (llamas, alpacas and similar species) with a view to sharing and disseminating national and regional work and research experiences in production and commercialization, aiding in the institutionalization of the agents involved in the implementation of strategies of socio-economic development of SACs in the Andean countries.

(63)  **Design of a system of management of used pesticide containers**

Number: INT/04/K03  
PGTF input: US$25,000  
Other inputs: US$25,000  
Date of implementation: 2004-2006  
Impact: Developed a framework for the design of a system to manage the disposal of pesticide containers, with an emphasis on conservation and recycling of a non-renewable resource into many other useful products, with a view to reducing damage caused by inadequate disposal of pesticide containers and providing an alternative to incineration or dumping of empty pesticide containers.

(64)  **Development of new technologies and products for the whole utilization of marginal and primary yeasts as sources of food (YAF)**

Number: INT/04/K04  
PGTF input: US$25,000  
Other inputs: US$245,000  
Date of implementation: 2004-2005  
Impact: Assessment at industrial scale of substitution of molasses by microbial growth enhancer (MGE) QZ-350 in yeast propagation. Two tons of molasses needed as medium enrichment per ton of yeast were fully substituted by 1 Kg of MGE, without significant variation of productive results and with lower yeast production costs.

(65)  **Technology Transfer: Assessing Needs - Promoting Action**

Number: INT/04/K06  
PGTF input: US$45,000  
Other inputs: US$65,000
Date of implementation: 2005-2006
Impact: Contributed to the development of a concrete and efficient technology needs assessment methodology aimed at strengthening institutional capacity in assessing technological capabilities and needs at national, sectoral and enterprise levels.

(66) Regional integration of postal transportation in the Andean Community

Number: INT/04/K07
PGTF input: US$25,000
Other inputs: US$65,000
Date of implementation: 2005-2007
Impact: Proposed a regulatory and economic framework to facilitate the integration of multimode transportation in the Andean region with a view to improving the efficacy, quality, speed, reliability and safety of postal transportation.

(67) Training programme for the staff of some African Countries Member Chambers

Number: INT/05/K01
PGTF input (US$): 24,700
Other inputs (US$): 24,900
Date of implementation: 2005
Impact: A six-day training workshop held in Egypt offered training to staff from 12 African countries members of the Islamic Chamber of Commerce and Industry on the general functions of national chambers, computerized trade information systems; organization of national international exhibitions; and participation in industrial trade fairs.

(68) Training of Researchers for Seed Production, Processing and Inspection Methods in Developing Countries

Number: INT/05/K02
PGTF input (US$): 45,000
Other inputs (US$): 67,500
Date of implementation: 2005
Impact: 12 seed experts (from Ethiopia, United Republic of Tanzania, Uganda and the Democratic Peoples’ Republic of Korea) received training in the production of first-generation hybrid seed, its processing and inspection. Application of learned methods of seed production could increases crop production by 12 percent.

(69) Training of Groundnut Breeding Experts for the Effective Use of Groundnut Genetic Resources in the Developing Countries

Number: INT/05/K03
PGTF input (US$): US$45,000
Other inputs (US$): US$67,500
Date of implementation: 2005
Impact: A one-week training course for 10 participants from Guinea, Mali, Nigeria and Senegal was conducted in Guinea, including theoretical training and lectures, field practice and visits. Participants were familiarized with the technologies for breeding and cultivation of groundnuts, as well as with the establishment of groundnut breeding systems fit for their own specific conditions, and capacity building for the self-training of more and competent groundnut breeders.

(70) Exchange of experiences of export trade promotion organizations in the Andean Region

Number: INT/05/K05
PGTF input (US$): 27,500
Other inputs (US$): 32,200
Date of implementation: 2005-2007
Impact: Trade promotion organizations from Bolivia, Chile, Ecuador and Peru hosted five workshops on various topics related to export trade promotion. Participants shared experiences on work done and lessons learned in trade promotion.

(71) **Strengthening development cooperation for poverty reduction between Viet Nam, Benin, Mozambique and the Republic of Congo**

Number: INT/05/K06
PGTF input (US$): 25,400
Other inputs (US$): 40,000
Date of implementation: 2005
Impact: Potential fields of cooperation between Benin, Mozambique and Viet Nam were identified along with recommendations to further enhance development cooperation for poverty reduction in the future.

(72) **Latin American network for scientific and technical information on vaccines**

Number: INT/05/K10
PGTF input: US$35,000
Other inputs: US$303,958
Duration: Two (2) years
Approval: 28th Annual Ministerial Meeting of the Group of 77 (New York, 30 September 2004)
Date of implementation: 2005-2010
Impact: Developed an online regional data network specialized in scientific and technological information on vaccines accessible to hospitals, health professionals, researchers, medical universities, libraries and the general population to foster knowledge sharing and learning through a Vaccines Virtual Library and a Virtual Classroom on Vaccinology.

(73) **Training of irrigation and drainage designers for protection from drought and flood damage in developing countries**

Number: INT/06/K01
PGTF input: US$34,827
Other inputs: US$43,173
Date of implementation: 2005-2006
Impact: Participants from the Democratic People's Republic of Korea, Ethiopia, Nigeria, Sudan, and Uganda received training in the preparation of master plans of irrigation and drainage, and to guide construction in accordance with their specific features for effectively using water resources.

(74) **Training of experts on construction and operation of small-size hydropower plants in developing countries**

Number: INT/06/K02
PGTF input: US$30,000
Other inputs: US$42,066
Date of implementation: 2006
Impact: Participants from Bangladesh, Cambodia, the Democratic People's Republic of Korea, Lao and Nepal received training in the construction and operation of small-size hydropower facilities to help achieve power self-sufficiency in rural and remote areas.

(75) **Training of experts on standardization and metrology of developing countries**

Number: INT/06/K03
PGTF input: US$34,827
Other inputs: US$43,173
Date of implementation: 2006
Impact: Participants from the Democratic People's Republic of Korea, Ethiopia, Nigeria, Sudan and Uganda received training on developing standardization and metrology appropriate for the specific situation of the participating countries.

(76) **Yeast and yeast derivative production from cheese-whey**

Number: INT/06/K04  
PGTF input: US$30,000  
Other inputs: US$347,000  
Date of implementation: 2008  
Impact: Research studies were conducted in Argentina, Costa Rica, Cuba and Mexico on alternative technologies and procedures for the utilization and disposal of cheese-whey aimed at reducing its environmental impact and producing food and food additives from yeast biomass to enhance the profitability of dairy industries.

(77) **Support to the MERCOSUR regional integration process**

Number: INT/06/K05  
PGTF input: US$25,000  
Other inputs: US$41,000  
Date of implementation: 2006  
Impact: Experts, academicians and representatives of civil society participate in a regional forum that discussed proposals and recommendations to further the process of regional integration and analyzed the current situation and new challenges of MERCOSUR.

(78) **Training programme for staff of national chambers of commerce of Middle Eastern countries**

Number: INT/06/K06  
PGTF input (US$): 27,400  
Other inputs (US$): 33,000  
Date of implementation: 2006  
Impact: A six-day training workshop held in the State of Qatar offered training to staff from 12 Middle Eastern countries members of the Islamic Chamber of Commerce and Industry on the general functions of national chambers, computerized trade information systems; organization of national international exhibitions; and participation in industrial trade fairs.

(79) **International youth leadership training for promotion of South-South cooperation – 2nd Study session and training**

Number: INT/06/K07  
PGTF input: US$30,000  
Other inputs: US$70,786  
Date of implementation: 2006  
Impact: Sixty (60) youth leaders and members of youth organisations from 21 developing countries participated in a workshop and study session that produced a statement and an action plan aimed at engaging youth organizations from developing countries in promoting South-South cooperation.

(80) **Harmonization of norms and procedures for agronomic evaluation of commercial varieties in Peru, Colombia and Bolivia**

Number: INT/06/K09  
PGTF input: US$30,000  
Other inputs: US$40,000  
Date of implementation: 2008
Impact: Methodology was developed and tested to harmonize the agronomic evaluation and registry of 13 commercial crops with a view to facilitating the introduction and liberalization of new crop varieties for the benefit of agriculture in the three countries.

(81) **Training, consultation and awareness for small hydropower development in Mozambique, Uganda, Nigeria and Zimbabwe**

- **Number:** INT/06/K10
- **PGTF input:** US$35,000
- **Other inputs:** US$40,840
- **Date of implementation:** 2007-2008
- **Impact:** Training workshops, seminars and field visits were successfully carried out to promote the development of small hydropower (SHP) sources for productive uses in selected countries in Africa through demonstration projects and pilot SHP stations.

(82) **Strengthening of coordination and cooperation among countries for the prevention of HIV/AIDS in the Americas region**

- **Number:** INT/06/K11
- **PGTF input:** US$30,000
- **Other inputs:** US$78,000
- **Date of implementation:** 2008
- **Impact:** Best practices and lessons learned in the area of prevention and control of HIV/AIDS, specifically mother-to-child transmission, were identified in the participating countries as well as a mechanism of exchange and technical cooperation among the participating countries.

(83) **First International Seminar on biosphere resources located in semi-arid regions**

- **Number:** INT/07/K01
- **PGTF input:** US$ 35,000
- **Other inputs:** US$ 45,000
- **Date of implementation:** 2006
- **Impact:** Representatives of the biosphere reserves of arid and semi-arid regions located in Argentina, Brazil, Chile, Morocco, Mexico, Paraguay and Peru participated in an international seminar that identified and made recommendations to tackle common challenges in the management of biosphere reserves of arid and semi-arid regions.

(84) **Enhanced diagnostic capacity and control measures of some trans-boundary animal diseases with emphasis on pathology and epidemiology of Johne’s disease and para-tuberculosis in Jordan, Egypt and Algeria**

- **Number:** INT/07/K05
- **PGTF input:** US$ 33,000
- **Other inputs:** US$ 35,000
- **Date of implementation:** 2007
- **Impact:** About 25 scientists from the participating countries attended a three day-regional workshop aimed at enhancing the diagnostic capacities for diseases such as Johne’s disease in ruminants and Avian Influenza in poultry. Participants learned practical skills and knowledge on diagnosing the Johne’s disease using histopathological and immunohistochemical examinations.

(85) **Building National Clean Development Mechanism (CDM) capacity of developing countries to effectively harness small hydropower**

- **Number:** INT/07/K06
- **PGTF input:** US$ 33,000
- **Other inputs:** US$ 50,360
Date of implementation: 2008
Impact: Increased knowledge and understanding of the challenges and implementation of small hydro power projects and their Clean Development Mechanism (CDM) potential under the UN Framework Convention on Climate Change through consultation missions and training courses in the participating or beneficiary countries.

(86)  International cooperation of computational intelligence study and research exchange in city information management

Number: INT/07/K07
PGTF input: US$ 30,000
Other inputs: US$ 50,000
Date of implementation: 2009
Impact: Explored application aspects of computational intelligence in the field of city informatization and a platform for research output dissemination mechanisms to stimulate the development of a city informatization strategy in developing countries. A forum on the subject was organized with participants from Cameroon, China, Jordan, Morocco, Nepal, Yemen and several developed countries.

(87)  Training and transfer of sea buckthorn technology to enhance the sustainable development of developing countries

Number: INT/07/K08
PGTF input: US$ 32,000
Other inputs: US$ 40,000
Date of implementation: 2007
Impact: Participants of course in advanced sea buckthorn technologies received training on sea buckthorn cultivation and harvesting, processing, product development, quality and management, as well as marketing and commercialization of sea buckthorn through specialized training materials compiled for course.

(88)  Appropriate construction technologies, basic environmental drainage and alternative energies: Amazonian experiences as a basis for implementing the “Red de Tecnologias Apropiadas de la Amazonia (RETAM)”

Number: INT/07/K10
PGTF input (US$): 30,000
Other inputs (US$): 206,952
Date of implementation: 2007-2009
Impact: Project activities contributed to the development of an Amazonian Network of Appropriate Technologies (RETAM) through the collection, promotion and dissemination of information on appropriate technologies in the Amazon relating to construction, basic environmental clean-up and alternative energies and their sustainable and optimal use; raising awareness and facilitating the exchange of experiences among communities and institutional stakeholders in Ecuador, Guyana, Peru and Suriname in the application of appropriate technologies for the exploitation of resources in an integral manner; and identifying directions for future research by a network of Amazonian universities towards the development and utilization of appropriate technologies.

(89)  Training programme for devising national small and medium enterprises (SME) programmes for member countries of the Organization of the Islamic Conference (OIC)

Number: INT/07/K11
PGTF input: US$ 39,000
Other inputs: US$ 59,500
Date of implementation: 2007
Impact: 44 trainees from 12 countries members of the Organization of the Islamic Conference participated in a four-day workshop with a view to upgrading SME technical capacities and
acquiring competitiveness, through the establishment of efficient distribution networks, speedy delivery systems and a deeper knowledge of technology supplies, competitors and their customers’ needs.

(90) **Sustainable rainwater harvesting and ground water recharge in developing countries - Human resource development and technology transfer**

Number: INT/08/K02  
PGTF input (US$): 42,309  
Other inputs (US$): 46,300  
Date of implementation: 2008-2010  
Impact: Trainers from 18 developing countries participated in a workshop and training course on rainwater harvesting and artificial groundwater recharge systems for implementation in a variety of localities aimed at achieving cost-effective sustainable water resources in the participating countries.

(91) **Capacity building in plant genomics in Latin America**

Number: INT/08/K03  
PGTF input (US$): 38,000  
Other inputs (US$): 135,600  
Date of implementation: 2009  
Impact: Transfer of the latest technology developed by the International Potato Genome- Sequencing Consortium was facilitated through a workshop in which networking and training activities on bioinformatics and wet-lab procedures were undertaken by junior scientists from Brazil, Chile and Peru aimed at enhancing the flow of information among the scientific communities of the participating countries and the capacity to elucidate the DNA sequence of the potato genome in Latin America.

(92) **Harmonization of norms and procedures for value-added timber products in South America**

Number: INT/08/K04  
PGTF input (US$): 36,000  
Other inputs (US$): 53,930  
Date of implementation: 2008-2009  
Impact: Fostered exchange of information and identified challenges as well as opportunities for the harmonization of the procedures and methodologies of tests and quality control in value-added timber products in Argentina, Chile, Peru, and Uruguay through technical visits to quality centers of participating countries.

(93) **Strengthening of capacities of private sector agencies and NGOs in selected African countries through regional networking and ECDC/TCDC supporting Women and Youth Entrepreneurship (WED/YED)**

Number: INT/08/K05  
PGTF input (US$): 42,330  
Other inputs (US$): 83,000  
Date of implementation: 2008  
Impact: Technical seminars were organized in the United Republic of Tanzania and Malawi in support of a regional network alliance of Business Support Organizations (BSOs) that provided training, business information and networking opportunities in agri-businesses to participants from private sector institutions for women and youth empowerment in Eritrea, Kenya, Malawi, United Republic of Tanzania and Zimbabwe with the goal of identifying income generation and livelihood improvement opportunities.

(94) **Increased sugar production through microbial inhibition of Leuconostoc sp. and other bacteria (Phase II)**

Number: INT/08/K06  
PGTF input: US$ 38,000  
Other inputs: US$ 55,000
Date of implementation: 2008-2010

**Impact:** Laboratory and field validation tests of effectiveness and safety of antimicrobial properties of a disinfectant and treatment agent developed for use in mill stations and sugar cane juice were conducted with a view to decreasing the effect of microorganisms on sugar losses and patenting of product for industrial use in sugar mills.

(95) **Training programme on microfinance sector development**

Number: INT/09/K02
PGTF input (US$): 32,955
Other inputs (US$): 62,050
Date of implementation: 2009

**Impact:** 61 participants from member chambers of the Islamic Chamber of Commerce and Industry and stakeholder institutions took part in a four-day training programme in Khartoum, Sudan to share information, experiences, best practices, develop skills and identify challenges and opportunities in the microfinance sector in member countries of the Organization of the Islamic Conference in support of poverty reduction and capacity development, and agreed on recommendations for the further development of the microfinance sector.

(96) **Support to the Mercosur Regional Integration Process**

Number: INT/09/K03
PGTF input (US$): 21,000
Other inputs (US$): 49,000
Date of implementation: 2009

**Impact:** A workshop on climate change, trade and cooperation in Latin America was organized in Rio de Janeiro, Brazil to analyze and discuss the central climate change challenges facing Latin America ahead of the climate change summit in Copenhagen, Denmark, in December 2009. The main issues discussed included Latin America’s trade agenda, international financing of regional adaptation and mitigation strategies for climate change and the challenges and opportunities for regional and international technological cooperation.

(97) **South American inter-laboratories network for standardization and accreditation of value-added textile products made with fibers from South American camelids in Argentina, Bolivia and Peru**

Number: INT/09/K04
PGTF input: US$ 33,000
Other inputs: US$ 48,480
Date of implementation: 2010

**Impact:** An inter-laboratory network of textile products made of South American natural fibers from camelids was set up and a series of missions, round tables and related events among stakeholders were held to exchange information and experiences with a view to increasing the market competitiveness of the camelidae fiber and achieving international accreditation (ISO 17025) of network laboratories through improved and harmonized technical standards, procedures and quality certification.

(98) **Implementation of the electronic vote observatory in Latin America**

Number: INT/09/K05
PGTF input: US$ 34,000
Other inputs: US$ 34,575
Date of implementation: 2010

**Impact:** Initiated work to design, organize and launch a Web-based electronic vote observatory service center on electronic voting systems and their implementation by countries in the region, with the aim of disseminating and sharing information on best practices, electoral experiences and electronic voting issues among relevant stakeholders.
(99) Exchange of experiences on assistance services for exporters and utilization of technological tools for supporting export-promotion organizations in the Andean region

Number: INT/09/K06  
PGTF input: US$ 33,000  
Other inputs: US$ 36,700  
Date of implementation: 2010  
Impact: Representatives of trade promotion agencies from Bolivia, Chile, Colombia, Ecuador and Peru participated in a three-day workshop to share knowledge, expertise and experience in the use of the latest information technology and relational marketing tools for trade promotion, with a view to identifying best practices and delivering more efficient customer services of higher quality.

(100) SIM EMWG Training and Development

Number: INT/09/K14  
PGTF input: US$ 31,000  
Other inputs: US$ 60,040  
Date of implementation: 2009-2011  
Impact: A series of tutorials and lectures on electrical metrology were imparted to fifteen representatives from national metrology institutes of the Americas aimed at promoting the development of electrical metrology activities within the region and increasing the recognition and reliability of calibration and measurement services that support international trade.

(101) Strengthening of infrastructure and synergy for animal health sectors

Number: INT/10/K01  
PGTF input: US$ 33,000  
Other inputs: US$ 55,000 (estimated)  
Date of implementation: 2011  
Impact: Representatives from the public, private and education and research sector of Egypt, Jordan, Palestine and Yemen participated in a workshop in which awareness was raised and recommendations made on global trade issues and the recent financial and economic crisis as they impact animal and public health and farmers in the Middle East and North African region, stressing the need to promote effective and sustainable integration and coordination mechanisms among all sectors in animal health.

(102) Cooperation and coordination of institutions in Latin America and the Caribbean, Asia and Africa for disaster risk reduction

Number: INT/10/K02  
PGTF input: US$ 33,000  
Other inputs: US$ 47,000  
Date of implementation: 2010  
Impact: Representatives from the 27 Member States of the Latin American and Caribbean Economic System (SELA) and sub-regional, regional and international organizations specializing in disaster risk reduction participated in a meeting where experiences and information on disaster prevention and assistance were shared and agreed on practical recommendations including, inter alia, strengthening the exchange of inter-regional experiences on disaster risk reduction and South-South cooperation actions on disaster risk reduction.

(103) Training in legal metrology in CARICOM

Number: INT/10/K06  
PGTF input: US$ 27,000  
Other inputs: US$ 27,000  
Date of implementation: 2011  
Impact: Supported the strengthening of legal metrology technical capacity within the CARICOM region and the development of a legal metrology database and capability profile of member states through two regional training workshops on the verification of domestic potable water meters and domestic electricity
meters held respectively in Guayana and Jamaica and three specialized individual interventions tailored to specific national needs in Belize, Dominica and Saint Kitts and Nevis.

(104) **Indicators system on information technologies and communications in the Andean Community (CAN)**

- **Number:** INT/10/K07
- **PGTF input (US$):** 24,000
- **Other inputs (US$):** 32,000
- **Date of implementation:** 2011-2012
- **Impact:** Common ICT indicators were developed/harmonized for collecting data/statistics on ICT residential and business usage in Andean Community member countries and a web portal of the ICT observatory was launched for their update, promotion and dissemination.

(105) **Fifth Forum for Businesswomen in Islamic Countries**

- **Number:** INT/10/K11
- **PGTF input (US$):** 25,000
- **Other inputs (US$):** 140,250
- **Date of implementation:** 2010
- **Impact:** A forum was organized in Cairo, Egypt to highlight and identify the issues, challenges and opportunities for businesswomen from member countries of the Organization of the Islamic Conference, determining the areas requiring support, facilitating networking, exchanging experiences and know-how and identifying new markets with a view to expanding the existing level of economic ties among business communities of member countries through trade and investment.
